A Study on Advertising Impact on Customer

Vallapureddy Santhoshreddy¹, K. Rathana Madhuri², Dr. K. Veeraiah³

¹MBA, ²Project guide, ³Associate Professor

¹Department of management studies, Head of Department, MLRITM college, Dundigal, Hyderabad

Abstract: *In globalized world, advertising has a huge and important role in promoting the products and the services. With the rapid development in technology and influence of media advertising has become an inevitable part of promotion mix. Through advertisement both electronic and print more audience can be reached and can have more impact on them, advertisements can be used to inform the new audiences, persuade them to buy the product and it can have huge influence on consumer decision making, advertisement can also be used as reminder to the existing customer about their connectivity to their products and have long lasting association with product or services and helps in brand building creating brand loyalty. People are more often are influenced by advertisement especially with reference to consumer durables and the current study investigates the impact on how different advertising strategies can influence the consumer decision regarding purchasing of consumer durables in sultanate of Oman.*

Keywords: *Advertisement, Consumer Purchase decision, Consumer durable goods, Sultanate of Oman.*

I. INTRODUCTION

Advertising is that the approach of informing additionally as influencing the overall public to buy products or services thru visual or oral messages. A products or services is marketed to make awareness in the minds of capability buyers. some of the usually used media for advertising and marketing are T.V., radio, websites, newspapers, magazines, bill-boards, hoardings etc. As results of financial liberalization and therefore the changing social trends Advertising enterprise has shown rapid climb in the final decade.

Advertising is one some of the factors of mass verbal exchange. Advertising is in reality logo-building thru effective communication and is really industry. It allows to paperwork the concept of selling. Advertising performs a massive role in present day highly aggressive world. A profession in advertisement is kind of glamorous and at an equivalent time difficult with extra and extra companies starting up a day. Whether its brands, companies, personalities or perhaps voluntary or spiritual organizations, all of them use some sort of advertising so that it will be geared up to talk with the target audience. The salary shape in advertising and marketing is form of high and if you have the knack for it one can attain the highest. It's an ideal profession for an ingenious character who can manage work-pressure. Today, new regions are emerging inside advertising like event control, photo control, internet advertising and marketing etc. Event control wherein occasions are marketed, Image management wherein a particular profile of a private or a corporation is projected. Internet advertising and marketing has additionally caused lots of adjustments in advertising as Internet manner one is catering to a get group of target market in place of a mass audience. Today 'Celebrity Endorsement' has attracted monstrous debate on whether or not it surely contributes to the emblem building manner or whether it is just some other lazy device to shape the emblem more visible within the minds of the consumers.

Capture all advertising as having four features:

- 1) A verbal and or visible message
- 2) A sponsor who's diagnosed
- 3) Delivery thru one or more media
- 4) Payment by means of the sponsor to the media

A. Objectives of the Study
