## Supplementary information - additional figures

Figure 1 Scatterplot of the $C(5)-C(4)-O(6)$ angle against the $C(3)-C(4)-C(6)$ angle. Sample colours are as in
Figure 2.

Figure 2 Scatterplots of the $C(2)-C(5)$ distance against the $C(1)-C(4)$ distance. Sample colours are as in the dendrogram (Figure 2 in main document)

Figure 3 Decision tree of enone geometries for the re-clustering Group A (see Figure 5).

Figure 4 Dendrogram and MMDS plot (inset) for re-clustering enimine Group A.

Figure 5 Decision tree for distribution of geometries for re-clustering Group A.

Figure 6 Dendrogram and MMDS plot (inset) for re-clustering enimine Group E.

Figure 7 Decision tree for distribution of geometries for re-clustering Group E, with overlay of the fragments.

Figure 8 Scatterplots of the $C(2)-N(6)$ distance against $C(1)-C(5)$ distance (top) and $C(3)-C(4)-C(5)$ angle against $\mathrm{C}(1)-\mathrm{C}(4)$ angle (bottom).
