

STRUCTURAL  
CHEMISTRY

**Volume 73 (2017)**

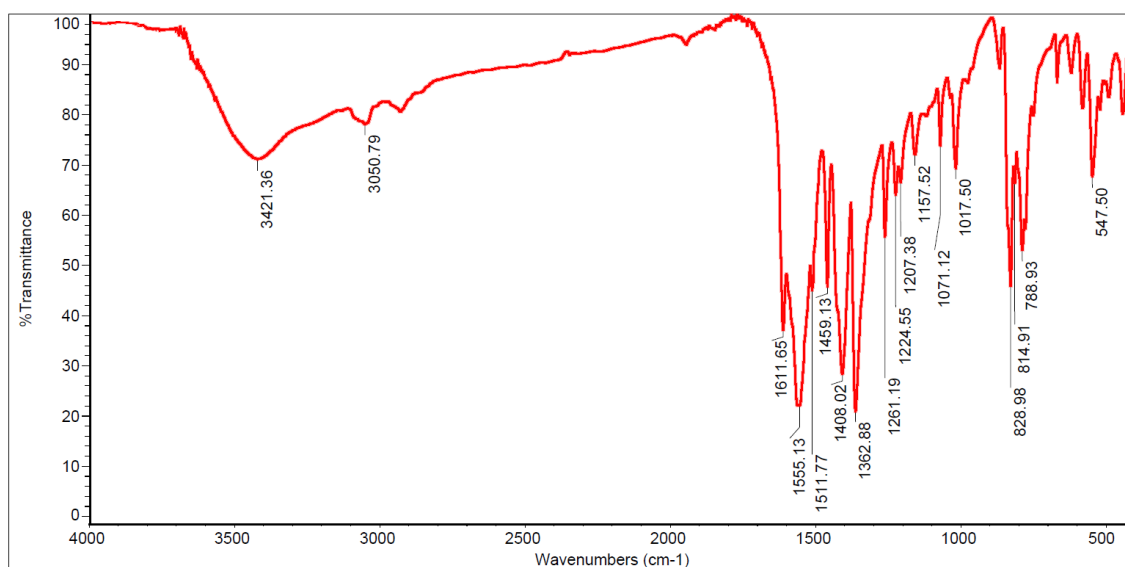

**Supporting information for article:**

**A three-dimensional supramolecular framework based on the interlinkage of an interpenetrating diamondoid coordination network**

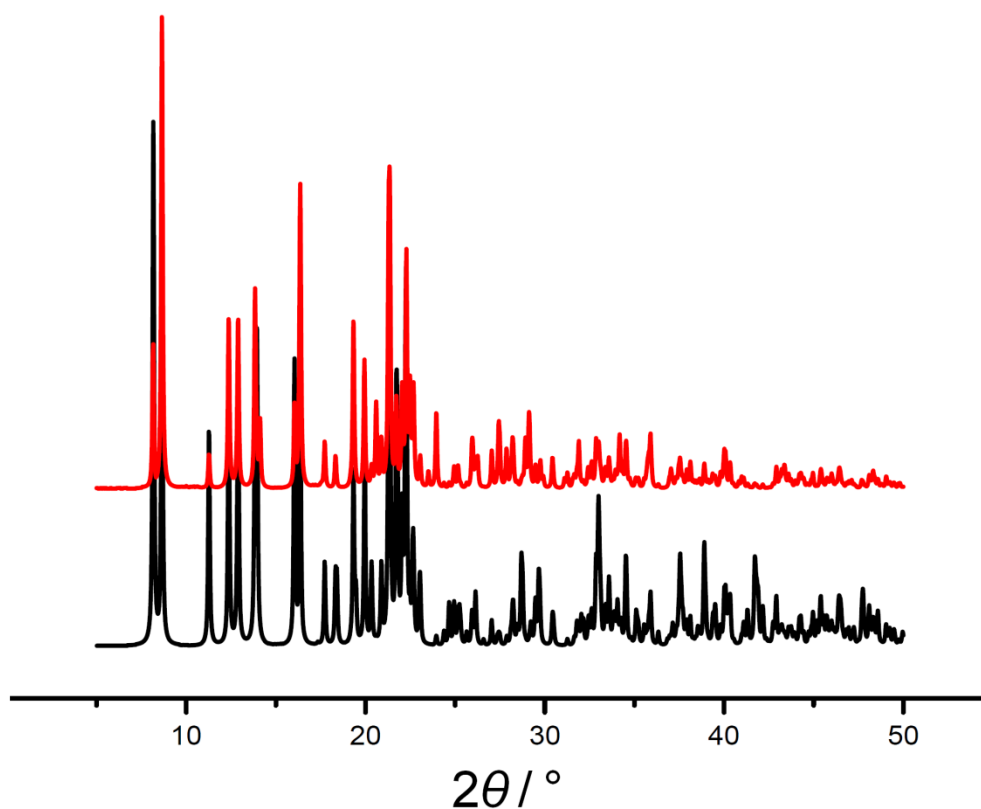

**Yi-Xuan Hou and Dong Liu**

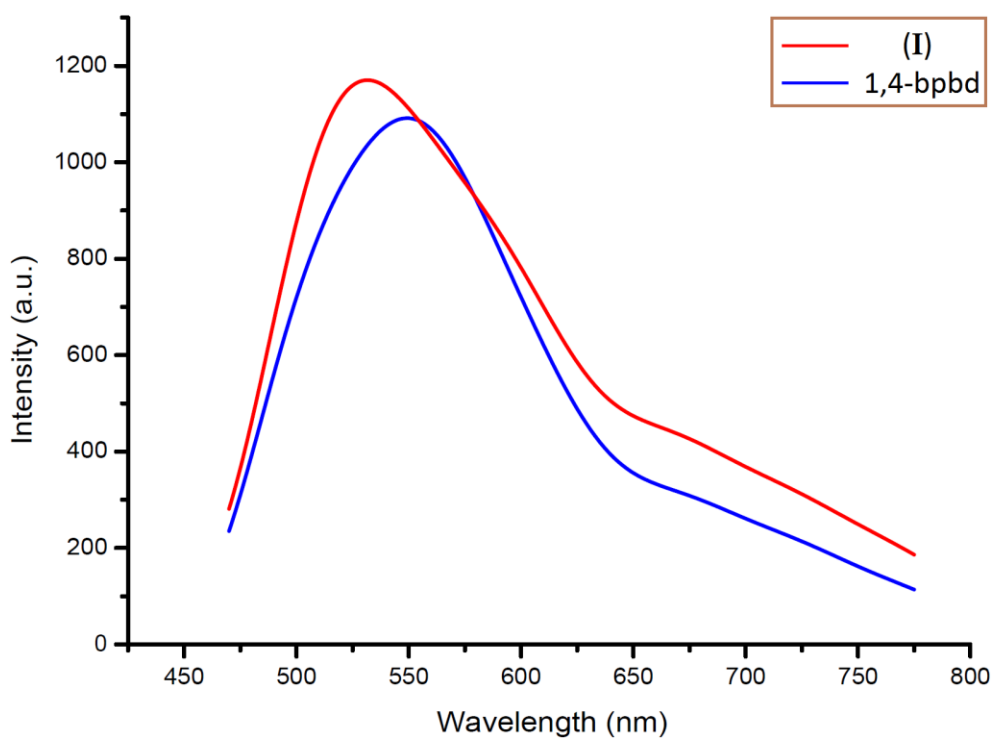

**Figure S1** The TGA curve for (I).

**Figure S2** The IR spectrum of (I).

**Figure S3** Experimental (red) and simulated (black) PXRD patterns of (I).

**Figure S4** Emission spectra of (I) and free 1,4-bpbd ligand in the solid state at room temperature.
