

STRUCTURAL  
CHEMISTRY

**Volume 75 (2019)**

**Supporting information for article:**

**Five solvates of a multicomponent pharmaceutical salt formed by  
berberine and diclofenac**

**Wei Sun, Limin Zuo, Ting Zhao, Zhiling Zhu and Guangzhi Shan**

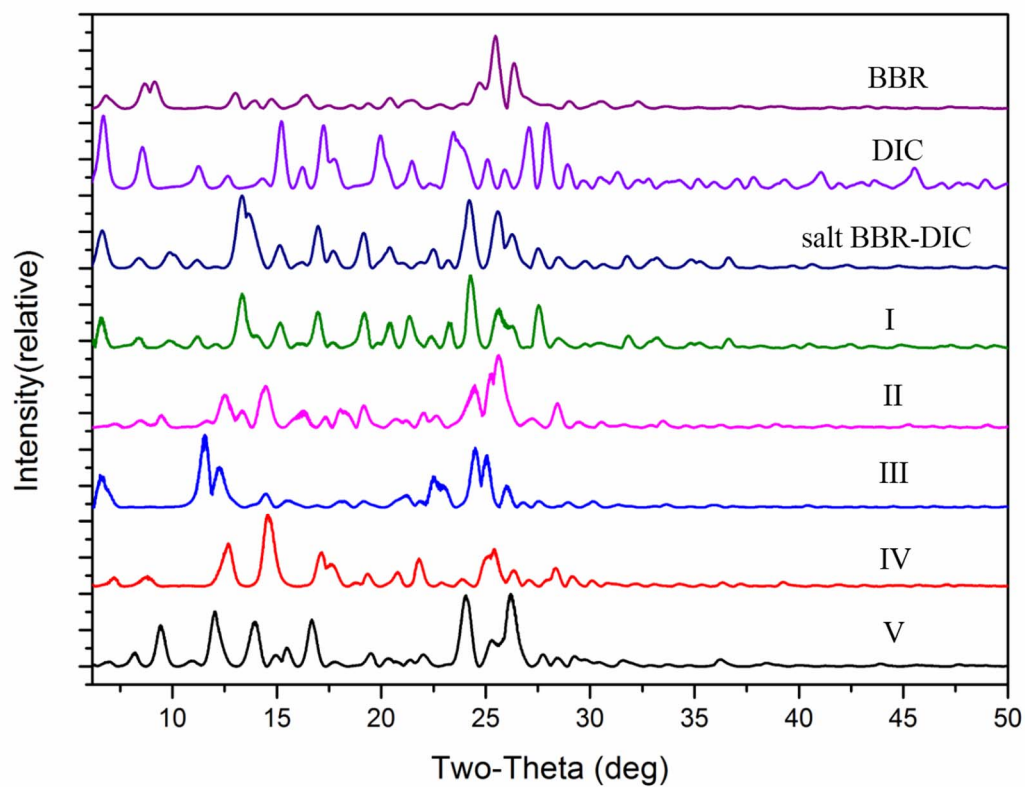

Fig. S1. PXRD patterns of solvates I-V.

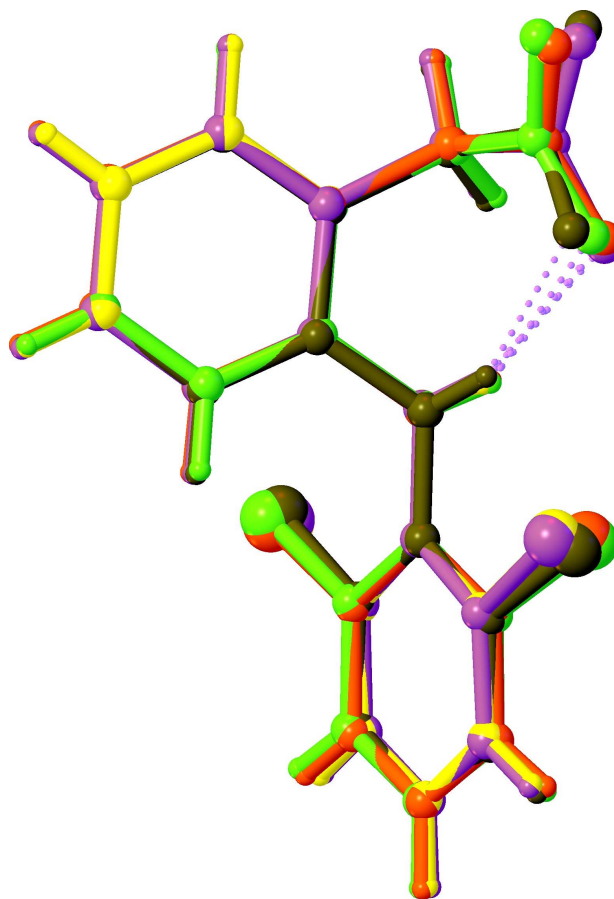

Fig. S2. No significant differences were observed in the conformations of the solvates except for a slight difference in the carboxylate group.
