RESEARCHER RIGHTS ADDED LICENCE:

NON-COMMERICAL TRANSLATION AND TEXT AND DATA MINING RIGHTS ADDED

Agreeing to the Publisher's licence enables the Licensee ("Researcher") to make:

- **Derivative use:** for "NonCommercial" purposes create a translation, abstract, or summary; engage in Text and Data Mining (TDM) of downloaded Licensed Material, use other automated or software tools to index downloaded Licensed Material and Share Licensed Material and Adapted Material as TDM Output.

Provided that:

- the metadata and identifying information included in the Licensed Material (author, publication, citation information) is not deleted or modified;
- the meaning, interpretation, context and conclusions reached in the Licensed Material is not misrepresented; and
- the Licensed Material is not sold, licensed for a fee, provided as part of a commercial product or service, or associated with commercial advertising, sponsoring or commercial promotion.

- **Definitions:**

"Text and Data Mining" means to perform extensive automated searches of Licensed Materials, including data embodied therein, the sorting, parsing, addition or removal of linguistic structures, and the selection and inclusion of subscribed content into an index or database for purposes of classification or recognition of relations and associations."

"TDM Output" means the result of any Text and Data Mining activity or operation, capable of fixation, reproduction and/or communication in any form, including without limitation the creation of an index, reference, abstract, relative or absolute description or representation of Licensed Material, an algorithm, formula, metrics, method, standard or taxonomy describing or based on Licensed Material, a relational expression or measurement, whether scalable or not, of Licensed Material, extraction, alternative representation or translation, expression or discussion of any extracts from mined Licensed Material, whether in the form of a direct extraction or a representation in any form which is based on Licensed Material.

- Interpretation—
Any term defined in a licence applied to Licensed Materials, such as the Creative Commons NonCommercial Non Derivative (version 4.0) International license, or the STM non-commercial licence (version 1.0) shall have the same meaning in relation to the researcher rights added herewith.

The terms and conditions of any other licence applied by the publisher to Licensed Materials shall prevail in case of conflict with any rights added in favour of or obligations created for any researcher under this Researcher Rights Added licence.
