C. C. Chancey, Editor
American Journal of Undergraduate Research
University of Northern Iowa
Cedar Falls, Iowa 50614 USA

The above map shows the numbers of AJUR authors in the US by state location since volume 1, number 1, in June 2002. AJUR authors outside the US come from countries in three continents: Austria 4, Nigeria 5, Russia 1, India 4, Iran 1, and

South Africa 3.

AJUR continues to have an increasingly international cast of undergraduate authors. The journal is fortunate in its international editors and their continuing help.
