SURVEY RESEARCH CENTER, UNIVERSITY OF CALIFORNIA,
LOS ANGELES

# THE LOS ANGELES METROPOLITAN AREA SURVEY (LAMAS)

The Los Angeles Metropolitan Area Survey, inaugurated in the spring of 1970, is a shared-time omnibus survey of Los Angeles County community members, usually repeated twice a year. LAMAS enables research investigators from universities, governmental agencies (at all levels), and research institutes to obtain data from a representative sample of 1,000 Los Angeles metropolitan area households (city and county) in a more efficient and economical fashion than is possible if each researcher conducts an independent survey.

The cost of participating in LAMAS is on a per question basis, as discussed below, and the contributing researcher receives the results pertaining to his specific questions, plus background data. Shared-time omnibus surveys are not only economical; by reducing the number of independent surveys in the field, they can help minimize the strains aroused in communities whose members feel they have been oversurveyed.

Although each survey is designed to meet the varied needs of contributing researchers, an important LAMAS goal is the development of a set of standard "community profile" measures appropriate for use in studies connected with the planning and evaluation of public policy and action programs. The social profile variables include attitudes and perceptions of living conditions in the neighborhood and of its program needs. A predominant theme in the Center's contribution to the instruments is the inclusion of indexes and scales for "tracking" the development and course of social indicators and the impact of public policy on the community. These social indicators, including social, psychological, health, and economic variables, permit measurement of social change at semiannual intervals and, thus, analysis of short-and long-term trends in the quality of life at the regional level. LAMAS provides an opportunity to investigate specific trends in both the city and Los Angeles County.

In addition to trend studies of attitudes and behaviors, LAMAS provides for panel studies of subsamples of the population. In such studies, the focus is on both probability and purposive construction of panels of respondents to permit more intensive exploration of key social problems than is possible either in a single survey or in analysis of trends in survey results.

## USES OF LAMAS

The strength of LAMAS stems from its highly unclustered sample design and the varying types of areal aggregation such samples permit. Data from 100 sampling points in the county can be aggregated at the following levels:

1. Los Angeles County as a whole
2. The city of Los Angeles
3. Independent cities in Los Angeles County
4. Specialized subareas (e.g., county health districts, law enforcement reporting districts, hospital service areas, etc.)

Several studies conducted by the Survey Research Center have used LAMAS data for comparative purposes.

Model Neighborhood Survey. In the spring of 1971, the Center conducted a survey of the Willowbrook/Florence-Firestone communities for the Los Angeles County Model Neighborhood Agency. The survey was to provide baseline data on community conditions (e.g., employment, income, education, health, housing, crime, etc.) to permit assessment of the effects of Model Neighborhood programs after the five-year demonstration period. The same data were gathered from county residents (LAMAS III) to serve as a "control" for county-wide changes that might influence conditions in the model neighborhood independent of program effects. More important, county data were used to establish levels of relative deprivation suffered by model neighborhood residents as a result of their low-income and minority status. The data showed clear differences between county and model neighborhood residents in levels of income, education, employment and occupational status, and in their assessments of the quality of life. Even controlling for minority status (black and Mexican-American) within the county, some differences remain which suggest particular effects of residence in the model neighborhood area (South Central Los Angeles). For example, model neighborhood blacks are more negative about the quality of police protection they receive than are blacks in the county as a whole.

Alcohol Safety Action Project. In the spring of 1972, as part of LAMAS (LAMAS V), the Center conducted the first of four studies on drinking and driving behavior. Los Angeles is one of twenty-six cities in the United States in which this research is being conducted. The project is administered locally by the Alcohol Safety Action Project (ASAP), a consortium of public and private agencies concerned with problems arising from drinking and driving. A four-year research program in LAMAS is planned; in addition to providing descriptive data, we will attempt to evaluate the effects of an ASAP campaign to publicize the dangers of drinking and driving.

Health Care Needs Study. In the spring of 1973, as part of LAMAS (LAMAS VI), the Los Angeles County Department of Health Services and the Comprehensive Health Planning Council of Los Angeles County conducted a survey designed to assess the health status and physician-use patterns of county residents. The survey was undertaken so that county health professionals could generate estimates of frequency and types of illness; disability days; physician, dental, and mental health visits; unmet needs for health service; days of hospitalization; and use of public and private health, hospital, and mental health services. The data will be used to develop specific policy alternatives regarding the expansion, modification, and allocation of resources to current and future health delivery systems. A report of the findings and recommended policy decisions based on the data will be presented to the Los Angeles County Board of Supervisors.

## TECHNICAL OPERATIONS

### Sampling

The Survey Research Center has recently redesigned its sample of households in the Los Angeles metropolitan area, using the most current Census data. LAMAS utilizes a multistage, stratified probability sample with the following characteristics:

1. Los Angeles County is divided into ten geographic regions: (a) four regions in the city of Los Angeles; (b) one region composed of all unincorporated areas of the county; (c) one region that includes the city of Long Beach; and (d) four other regions: the western, southeastern, eastern, and northeastern municipalities.

2. Block groups in each region are stratified by housing value, percentage owner-occupied, and percentage nonwhite.

3. 100 block groups are sampled from the ten regions.

4. Two block clusters are drawn from each of the 100 block groups, and an address file of 40,000 dwelling units has been compiled. Household respondents are selected according to the method described in Leslie Kish, Survey Sampling, (Wiley, 1965), pp. 396-404.

The unclustered nature of the sample permits the Survey Research Center to oversample selected subpopulations (e.g., ethnic groups within LAMAS), as well as to undertake special studies of subpopulations within specified geographical areas of the county or city. (Additional charges for oversampling in LAMAS or special studies are arranged in conference with the individual investigator.)

### Computer Sampling

The Survey Research Center has developed a general computer software package for sampling, using 1970 Census tapes. This package makes it possible to draw an area probability sample at reduced cost for any county in California as well as in the rest of the United States.

### Field Operations

A. Procedures

Survey Research Center interviewers are well trained and closely supervised throughout the field process. For example, interviewers are assigned a list of dwelling units and required to select respondents from dwelling units, using strict probability methods; they have been specially trained in the use of this probability selection procedure, and results are closely monitored by central office supervisors. In addition, basic

interviewer training includes workshops and practice interviewing. All instruments fielded by the Center are subjected to a pretest process. Following a final briefing on a specific study, interviewers are permitted to take only one interview before returning to the office for a discussion with the field supervisors. Interviewers are requested to make three calls in order to secure a response, including night and weekend calls. Escorts are provided during unusual hours to maintain an acceptable response rate.

Every instrument is edited and checked for quality immediately upon its arrival at the Center to ensure completeness and accuracy. In addition, approximately 20 percent of the field staff's work is verified in ten-minute interviews with respondents, conducted by telephone when possible but at the homes of respondents when that is the only means by which they may be reached. The verification rate varies with the experience of the interviewer and the complexity of the instrument design and is always higher during the initial stage of a study.

B. Bilingual Research

The Survey Research Center has embarked on a special program for recruiting and training bilingual interviewers who work in the large Mexican-American community of Los Angeles. The Center provides Spanish-language versions of all materials, and interviews are always taken in Spanish when appropriate; bilingual supervisory and quality-control staff work closely with these interviewers.

## Data Reduction

LAMAS data are reduced in two stages. In the first stage, precoded questions are edited and punched for analysis purposes on IBM cards from the questionnaire. The precoded questions are then passed on to the data processing section for analysis. This process considerably shortens the time required to produce output, and precoded questions are available for analysis within five weeks after completion of the field operation.

Open-ended questions are coded in the second stage. If the client has submitted open-ended questions, he or she is encouraged to consult with our coding section as they construct the coding frames. During the first week of coding, 100 percent of each coder's work is checked by the supervisor and independent work discussions are commonplace. Twenty percent of the open-ended questions are double-coded, and intercoder reliability figures are reported.

## Data Processing and Analysis

Two campus computing facilities are available to the Center's data analysis and programming staffs. Both facilities house IBM system 360, model 91s, and are accessible from interactive terminals at the Center.

LAMAS data are processed using the Statistical Package for the Social Sciences (SPSS). This is a flexible, user-oriented, data manipulation package available for editing, screening, documenting, and transforming a data set

preparatory to making statistical analyses and is particularly useful for the analysis of survey data. Statistical analyses include correlation, nonparametric statistics, regression and multiple regression, Guttman scaling, and a fast factor analysis program.

For the cost of the initial question, the investigator will be given the following statistical output: frequency distributions ("marginals") of the results of the questions contributed by the investigator, and cross-tabulations of these questions by SEX, AGE, INCOME, EDUCATION, ETHNICITY or RACE, and OCCUPATION. *If the investigator has five or more questions, he or she may obtain the data with background variables in the form of punched IBM cards, card-image tape, or an SPSS system file.* Statistical analyses other than those mentioned above can also be performed at the request of the investigator at a negotiated additional cost. Second-, third-, and fourth-count U.S. Census data for the Los Angeles metropolitan area are concatenated with the individual-level data collected through LAMAS and can be provided to the client, again at a negotiated additional cost.

Aggregate Data and Survey Data

The Center has developed a software package for accessing DUALabs Census tapes which considerably reduces the costs of using Census data. The program will selectively decompress only those geographical areas and/or data tables specified by the user, bypassing data he does not want. In addition, the data can be output for processing through standard software packages available on campus (e.g., SPSS, BMD, DATATEXT). Census data combined with survey data from LAMAS expand the data base available to the client and can provide contextual information to complement survey data. In addition, aggregate and survey data can be combined so that relationships between these two levels of data can be examined.

## SAMPLE QUESTIONS FOR ESTIMATING COST

ONE PRE-CODED QUESTION

Now, thinking back to your recent illnesses or injuries--in the past two months did you have any illness that kept you in bed, indoors or away from your usual activities?

yes ..... 1
no ..... 2

ONE PRE-CODED QUESTION WITH SEVERAL POSSIBLE RESPONSES

Do you have any of the following types of medical coverage or health incurance?

Blue Cross (Blue Shield) ..... 1
Kaiser-Permanente ..... 2
Ross-Loos ..... 3
Equitable Insurance ..... 4
Occidental ..... 5
Medicare ..... 6
Medi-Cal ..... 7
other ..... 8
SPECIFY: _____
none ..... 9

PRE-CODED QUESTION LIST--ONE PART = 1/2 QUESTION, 2 PARTS = ONE QUESTION

We are interested in the way people are feeling these days. During the past few weeks did you ever feel:

| | YES | NO | DON'T KNOW |
|---|---|---|---|
| A. pleased about having accomplished something? | 1 | 2 | 8 |
| B. very lonely or remote from other people? | 3 | 4 | 8 |
| C. that things were going your way? | 5 | 6 | 8 |
| D. upset because someone criticized you? | 1 | 2 | 8 |
| E. on top of the world? | 3 | 4 | 8 |
| F. so restless that you couldn't sit long in a chair? | 5 | 6 | 8 |

| | YES | NO | DON'T KNOW |
|---|---|---|---|
| G. bored? | 1 | 2 | 8 |
| H. proud because someone complimented you on something you had done? | 3 | 4 | 8 |
| I. depressed or very unhappy? | 5 | 6 | 8 |
| J. particularly excited or interested in something? | 1 | 2 | 8 |

PRE-CODED SORT OPERATION--EACH PART = 1 QUESTION

You hear a lot of talk these days about what might happen if the population of the United States keeps growing. I have some cards here which have on them some of the things people say could happen if the population keeps growing. I would like you to read these cards and put them into three pockets: in one pocket, statements you think are true or probably true and in another pocket, statements you think are not true or probably not true. If you cannot decide about any of these statements, then put them in the pocket labeled "cannot decide." (HAND CARDS TO R. GIVE R TIME TO SORT.)

TIME BEGINNING:_____

TIME ENDING:_____

A. This country is large enough so that if we build new towns and cities out in the countryside there will be enough space for us even if the population gets much larger.

true ..... 1
not true ..... 2
cannot decide ..... 8

B. If the population of the country gets much larger, air and water population problems will get much worse and will be very difficult to solve.

true ..... 1
not true ..... 2
cannot decide ..... 8

C. If the country's population gets much larger, we will not have enough food to feed all the people.

true ..... 1
not true ..... 2
cannot decide..... 8

D. How large our population becomes has little to do with whether we can solve other social problems like poverty, crime and slums.

true ..... 1
not true ..... 2
cannot decide ..... 8

E. Even if the population gets much larger, we can find ways to produce enough food to feed all of the people in this country.

true ..... 1
not true ..... 2
cannot decide ..... 8

F. The number of people in a country does not have much to do with whether there is a pollution problem. Pollution is caused mostly by other things.

true ..... 1
not true ..... 2
cannot decide ..... 8

G. Unless we do something to keep this country's population from getting larger, we will not be able to solve problems like poverty, slums and crime.

true ..... 1
not true ..... 2
cannot decide ..... 8

H. If this country's population gets much larger, we will run out of useable open space and have to live under very crowded conditions.

true ..... 1
not true ..... 2
cannot decide ..... 8

ONE OPEN-ENDED QUESTION--NUMERIC RESPONSE, NO SURCHARGE

Since you first moved to the Los Angeles area, how many times have you moved from one house or apartment to another?

NUMBER OF MOVES:_____

ONE OPEN-ENDED QUESTION, SURCHARGE FOR DATA REDUCTION

Let's say that you are a driver. A traffic policeman stops you and claims that you have broken a traffic law. He wants to give you a ticket. What would you do?

_____

_____

_____

ONE OPEN-ENDED QUESTION WITH RESPONSE DESIGNATIONS: TWO DESIGNATIONS = ONE QUESTION: EACH ADDITIONAL DESIGNATION = 1/2 QUESTION, SURCHARGE FOR DATA REDUCTION

Now, thinking about problems we have here in Los Angeles area (city and county): What do you think are the most important problems we have here in the Los Angeles area?

(1)_____

(2)_____

(3)_____

(4)_____

(5)_____

(6)_____

PRE-CODED RATING SCALE--EACH PART = 1 QUESTION

Now, from what you have just heard, how honest or dishonest a businessman would you say this car dealer is? Here is a card with "very dishonest"--number one--at one end, and "very honest"--number seven--at the other end. You may use any number on the scale. Would you look at this scale and tell me which number comes closest to how you feel?

A. Please tell me which best represents how honest or dishonest you feel the car dealer has been:

Very dishonest 1 2 3 4 5 6 7 Very honest

_____

B. Now, here is another card which has another scale. Tell me a number which best represents how wise or foolish you think the car dealer is.

Very wise 1 2 3 4 5 6 7 Very foolish

_____

C. Here's another card: how unyielding or yielding would you say the car dealer is?

Very unyielding 1 2 3 4 5 6 7 Very yielding

_____

D. How cooperative or competitive would you say the car dealer is?

Very cooperative 1 2 3 4 5 6 7 Very competitive

---

E. And how unfair or fair?

Very unfair 1 2 3 4 5 6 7 Very fair

---

F. And how hard or soft would you say this car dealer is?

Very hard 1 2 3 4 5 6 7 Very soft

---

G. How active or passive would you say he is?

Very active 1 2 3 4 5 6 7 Very passive

---

H. And finally, how selfish or generous would you say this man is?

Very selfish 1 2 3 4 5 6 7 Very generous

---

ONE PRE-CODED QUESTION AND ONE OPEN-ENDED QUESTION, WITH SURCHARGE

Suppose the number of people in the Los Angeles area were twice as large as it is today--suppose there were fourteen million people in this area, instead of seven million. Do you think your own life would be different if there were twice as many people living in the Los Angeles area or do you think your own life would be about the same as it is today?

different..... ASK A..... 1
same as now..... 2

A. How would it be different?

---

SPECIAL SURCHARGES

The LAMAS staff will negotiate specific surcharges under the following conditions:

1. Complex and/or lengthy questions with a number of response options.

2. Computer rotation of a question or questions (e.g., Question X to be asked of half the sample, Question Y to be asked of other half).

3. A question or questions which require the interviewer to read extended information before eliciting a response.

Survey Costs and Economies of Scale

The costs of research in major metropolitan areas are rising at a time when the need for data on urban areas is both urgent and increasing. Costs for independent surveys range from $50 to over $100 per case. Highly clustered samples do not save costs, have little flexibility, and can be challenged in terms of their capacity to represent a large, heterogeneous area such as Los Angeles County. Highly unclustered samples provide better coverage of the population but are quite expensive. The LAMAS sample is moderately unclustered and survey costs are reduced because of economy of scale. For example, a $10,000 input to LAMAS will provide data at an average cost of $10 per case for a sample of 1,000. As mentioned above, the investigator receives marginals on all his data as well as cross-tabulations with major background variables. The LAMAS staff continuously monitors the quality of information obtained from these background questions (e.g., occupation, education, income) and will modify them to increase their reliability and validity. Such work saves the investigator time in question construction and instrument evaluation and provides high-quality data to relate to his variables of interest.

COST SCHEDULE

| Number of Questions (Precoded) | Questions to be Asked of Total Sample | Questions to be Asked of Predetermined Major Sub-populations* |
|---|---|---|
| 1 | $ 600 - $ 800 | $ 480 - $ 600 |
| 2 | $1200 - $1600 | $ 960 - $1200 |
| 3 | $1800 - $2400 | $1440 - $1800 |
| 4 | $2400 - $3200 | $1920 - $2400 |
| 5 | $2820 - $3700 | $2150 - $2820 |
| Each additional pre-coded question | $ 450 - $ 500 | $ 360 - $ 450 |
| Surcharge for each free response or open-ended question | $ 300 - $ 500 | $ 240 - $400 |

*Must be predesignated in interview schedule, e.g., Los Angeles city residents only, men only.

SPECIAL LAMAS CONSULTATION

The costs outlined above are designed to cover the fielding, editing, coding, cleaning, and processing of a fully developed set of questions submitted by the client. Center staff are available on a consulting basis to clients who need or would like special assistance with the developmental aspects of their research. In this case, the client will deposit an additional amount with the Center, apart from question costs as outlined above, to be used for special developmental purposes.

For further information, call LAMAS director at (213) 825-0711.

SUBJECT: The Truth about LAMAS Field Dates

After much head-scratching, soul-searching, and digging in the musty-dusty files of the Field Office, we are proud to announce that we have assembled the "true" facts (as opposed to facts based on dim memory and/or guesses) about all LAMAS field dates. This memo will supercede all previous memos about field dates so clean out your files, folks! Ready or not, here it comes:

LAMAS I : May 14, 1970 to July 10, 1970
LAMAS II : November 4, 1970 to January 20, 1971
LAMAS III : April 15, 1971 to June 12, 1971
LAMAS IV : October 12, 1971 to January 15, 1972
LAMAS V : March 13, 1972 to May 29, 1972
LAMAS VI : February 5, 1973 to March 20, 1973
LAMAS VII : October 22, 1973 to December 17, 1973
LAMAS VIII : February 11, 1974 to March 20, 1974

Stay tuned to this station for results on the ninth race of LAMAS.

LAMAS IX 9/16/74 - 12/2/74

**Good morning/afternoon/evening. I'm from the UCLA Survey Research Center. You may have received a letter from our Center telling you about the survey we are doing in Los Angeles. We are interested in finding out how people in the Los Angeles Metropolitan Area feel about the community, what problems there are and what is needed for the future. The information we collect will be written up in reports for local officials and in the local newspapers. Your opinions are very important because you have been chosen scientifically to represent hundreds of other people in Los Angeles. The more people who cooperate, the more successful we can be in reporting the needs of all the people in this city. EVERYTHING YOU TELL US WILL BE STRICTLY CONFIDENTIAL. YOUR NAME WILL NOT BE CONNECTED IN ANY WAY WITH THE FINDINGS OF THIS IMPORTANT STUDY.**

**A3.** **First, I would like to make a list of the persons 18 years old or over, who live here as members of your household. This will tell me which adult I am to interview. (AFTER RECORDING INFORMATION IN "A," ASSIGN NUMBERS IN "E" WITH OLDEST MALE = 1, SECOND OLDEST MALE = 2, ETC. 45C. IF R HAS ANY SLEEP PROBLEMS NOW, (REFER TO 45A), ASK: Would you please look at this card again and tell me if you have had any other sleep problems in the past besides the ones you already mentioned? (RETURN TO CHART ABOVE AND CODE IN COLUMN C.)

IF R HAD NO SLEEP PROBLEMS IN 45A, ASK: Would you please look at this card again, and tell me if you have had any of these sleep problems in the past? (RETURN TO CHART ABOVE AND CODE IN COLUMN C.)

46. How often do you take medicine to help you sleep? Would you say:

| | | |
|---|---|---|
| Never | SKIP TO Q47 | 1 |
| ONCE/several times a year | SKIP TO Q47 | 2 |
| Several times a month | ASK A | 3 |
| Once a week | ASK A | 4 |
| Several times a week | ASK A | 5 |
| Every night? | ASK A | 6 |

7/

A. How long have you been taking medicine to help you sleep?

NUMBER OF MONTHS: _____ 8-9/

OR

NUMBER OF YEARS: _____ 10-11/

Here's something a little different.

47. These days we sometimes hear people say: "I don't know who I really am." Do you often, sometimes, or never ask yourself, "Who am I really?"

| | | |
|---|---|---|
| OFTEN | | 1 |
| SOMETIMES | | 2 |
| NEVER | | 3 |

12/

48. I'm going to read four things people sometimes say about discovering who they really are. For each please tell me whether you strongly agree, agree, disagree or strongly disagree.

| | SA | A | PARTLY AGREE & PARTLY DISAGREE | D | SD | |
|---|---|---|---|---|---|---|
| A. The way to find out who you really are is to forget duties and inhibitions and do just whatever you feel like doing. | 1 | 2 | 3 | 4 | 5 | 13/ |
| B. The way to find out who you really are is to help someone who needs your assistance. | 1 | 2 | 3 | 4 | 5 | 14/ |
| C. The way to find out who you really are is to work hard at a difficult and challenging task. | 1 | 2 | 3 | 4 | 5 | 15/ |
| D. The way to find out who you really are is to tell your deepest feelings to someone you trust. | 1 | 2 | 3 | 4 | 5 | 16/ |

Emotional problems often come up in life. A person might be very unhappy, or nervous and irritable all the time. Sometimes there are problems in a marriage--a husband and wife just can't get along with each other. Or sometimes it's a personal problem with a child or a job. I'd like to ask you a few questions about how you and other people handle emotional problems like this.

49. Does your health insurance cover treatment for emotional problems?

| | | |
|---|---|---|
| YES | 1 | 17/ |
| NO | 2 | |
| HAS NO HEALTH INSURANCE | 3 | |
| DON'T KNOW | 8 | |

50. If someone in your family needed help for an emotional problem or family troubles and had no money to pay and no insurance that covered help for these problems, where could he or she go for help? (DO NOT PROBE: CIRCLE ALL MENTIONED.)

| | | |
|---|---|---|
| DOCTOR (PHYSICIAN) | 1 | 18/ |

a white person with the same education and income as you, or..... 1
a black person with an education and income very different from yours?..... 2
NEITHER..... 3
BOTH..... 4
DON'T KNOW..... 8

16/

66C. Who do you think you could more easily become friends with:

an Anglo with the same education and income as you, or..... 1
a Latin person with an education and income very different from yours?..... 2
NEITHER..... 3
BOTH..... 4
DON'T KNOW..... 8

17/

67. In the past year, have you or anyone in your family had any special problems come up because of computers?

YES....ASK A..... 1
NO.....SKIP TO Q68..... 2

18/

A. What was that problem?

19-20/
21-22/
23-24/

68. (SHOW CARD #68A.) On this card is ~~another~~ a pair of statements. I'll read them while you look at them, and then would you tell me which one is closer to the way you feel. (AFTER R CHOOSES, SHOW CARD #68B.) Here is another pair; which is closer to the way you feel? (AND SO ON FOR CARDS #68C-D.)

A. It is not always wise to plan too far ahead because many things turn out to be a matter of good or bad fortune anyhow..... 1 25/

or

When I make plans, I am almost certain I can make them work..... 2

---

B. The world is run by the few people in power and there's not much the little guy can do about it..... 3 26/

or

The average citizen can have an influence on government decisions.. 4

---

C. It is only wishful thinking to believe that one can really influence what happens in society at large..... 5 27/

or

People like me can change the course of world events if we make ourselves heard..... 6

---

D. As far as world affairs are concerned, most of us are victims of forces we can neither understand nor control..... 1 28/

or

By taking an active part in political and social affairs, the people can control world events..... 2

---

This is a different subj.

69. (SHOW CARD #69A.) On this card is a pair of statements. I'll read these statements ~~them~~ while you look at them, and then would you tell me which of these statements comes closer to your opinion. (AFTER R CHOOSES, SHOW CARD #69B AND REPEAT ABOVE.)

A. By automating many tasks in factories and offices, computers nowadays have freed people to do more interesting work..... 3 29/

or

By automating various jobs, computers too often have taken away much of the freedom of choice that made work interesting..... 4

---

B. By using computerized information files, people in government often are able to make fairer decisions..... 5 30/

or

Too often, by using incorrect information from the computer, government officials make unfair decisions..... 6

70. (SHOW CARD #70A.) Now another On this card is a pair of statements. I'll read them while you look at them, and then would you tell me which one is closer to the way you feel. (AFTER R CHOOSES, SHOW CARD #70B.) Here is another pair; which is closer to the way you feel? (AND SO ON FOR CARDS #70C-F.)

A. What happens to me is my own doing..... 1 31/

or

Sometimes I feel that I don't have enough control over the direction my life is taking..... 2

---

B. Knowing the right people is important in deciding whether a person will get ahead..... 3 32/

or

People will get ahead in life if they have the goods and do a good job; knowing the right people has nothing to do with it..... 4

---

C. I have often found that what is going to happen will happen..... 5 33/

or

Trusting to fate has never turned out as well for me as making a decision to take a definite course of action..... 6

---

D. It is impossible for me to believe that chance or luck play an important role in my life..... 1 34/

or

Many times I feel that I have little influence over the things that happen to me..... 2

---

E. Leadership positions tend to go to capable people who deserve being chosen..... 3 35/

or

It's hard to know why some people get leadership positions and others don't; ability doesn't seem to be the important factor..... 4

---

F. There's very little that persons like myself can do to improve world opinion of the United States..... 5 36/

or

I think each of us can do a great deal to improve world opinion of the United States..... 6

---

71. Now, we'd like to ask you some general questions about education and employment. What was the highest grade in school you completed?

00 01 02 03 04 05 06 07 08 09 10 11 12 37-38/

COLLEGE/OTHER POST HIGH SCHOOL SCHOOLING [13 14 15] 16

Buenos días/tardes/noches. Soy del Centro de Estudios e Indagaciones de la Universidad de California en Los Angeles. Ud. ya habrá recibido una carta de nuestro Centro diciéndole del estudio de la comunidad que estamos haciendo en Los Angeles. Estamos interesados en encontrar cómo la gente en el área metropolitana de Los Angeles se siente acerca de la comunidad, qué problemas hay y qué es lo que se necesita para el futuro. La información que colectaremos será escrita en reportes para oficinas de la localidad y en los periódicos locales. Sus opiniones son muy importantes, porque Ud. fue elegido(a) científicamente para representar a cientos de otras personas en Los Angeles. Cuanta más gente coopere, más éxito obtendremos en reportar las necesidades de toda la gente en esta ciudad. Todo lo que Ud. nos diga será extrictamente confidencial. Su nombre no será mezclado de ninguna manera con lo que se encuentre en este importante estudio.

A3. Primero, quisiera hacer una lista de las personas de 18 años o más, de las que viven aquí como miembros de su casa. Esto me servirá para saber cual adulto voy a entrevistar. (AFTER RECORDING INFORMATION IN "A," ASSIGN NUMBERS IN "E" WITH OLDEST MALE = 1, SECOND OLDEST MALE = 2, ETC. AFTER ALL MEN ARE NUMBERED, CONTINUE WITH WOMEN BEGINNING WITH OLDEST TO YOUNGEST.)

| Varias veces cada mes | ASK A | 3 |
| Una vez cada semana | ASK A | 4 |
| Varias veces cada semana | ASK A | 5 |
| Todas las noches? | ASK A | 6 |

A. Desde cuándo toma medicinas para ayudarle a dormir?

NUMBER OF MONTHS:_____ 8-9

OR NUMBER OF YEARS:_____ 10-11

Ahora hay algo que es un poco diferent.

47. Hoy en día a veces oimos decir a la gente: "No sé quién soy realmente." Se pregunta Ud. a sí mismo muchas veces, a veces, o nunca, "Quién soy yo realmente?"

| | | |
|---|---|---|
| MUCHAS VECES | | 1 |
| A VECES | | 2 |
| NUNCA | | 3 |

12

48. Voy a leerle cuatro declaraciones que la gente dice a veces acerca del descubrimiento de quiénes son realmente. Para cada una dígame si Ud. está firmemente de acuerdo, de acuerdo, de desacuerdo, o firmemente de desacuerdo.

| | FA | A | EN PARTE DE ACUERDO Y EN PARTE DE DESACUERDO | D | FD | |
|---|---|---|---|---|---|---|
| A. La manera en que puede saber quién es Ud. realmente es olvidarse de sus obligaciones e inhibiciones y hace cualquier cosa que quiere hacer. | 1 | 2 | 3 | 4 | 5 | 13 |
| B. La maner en que puede saber quién es Ud. realmente es ayudar a alguien que necesita su asistencia. | 1 | 2 | 3 | 4 | 5 | 14 |
| C. La manera en que puede saber quién es Ud. realmente es trabajar mucho en una tarera que sea difícil y retadora. | 1 | 2 | 3 | 4 | 5 | 15 |
| D. La manera en que puede saber quién es Ud. realmente es decirle a alguien, en que Ud. confía, sus sentimientos más íntimos. | 1 | 2 | 3 | 4 | 5 | 16 |

Muchas veces se presentan en la vida problemas emocionales. Una persona puede estar muy infeliz, o nerviosa e irritable todo el tiempo. A veces hay problemas en un matrimonio -- un esposo y una esposa no pueden entenderse. O a veces es un problema personal con un hijo o un empleo. Me gustaría hacerle preguntas acerca de cómo Ud. y otra gente tratan problemas emocionales como éstos.

49. Paga por el tratamiento de problemas emocionales su seguro médico?

| | | |
|---|---|---|
| SI | 1 | 17 |
| NO | 2 | |
| NO TIENE SEGURO MEDICO | 3 | |
| NO SE | 8 | |

50. Si alguien de su familia necesita ayuda a causa de un problema emocional o dificultades familiares y no tiene dinero para pagar ni seguro que paga por ayuda para estos problemas, adónde puede ir para pedir ayuda? (DO NOT PROBE: CIRCLE ALL MENTIONED.)

| | | |
|---|---|---|

|---|---|---|---|---|
| incómoda(o) trabajando con esta persona? | 1 | 2 | 8 | 11 |
| incómoda(o) teniendo a esta persona viviendo junto de Ud. ? | 1 | 2 | 8 | 12 |

65. Algunas personas dicen que el cuidado de salubridad podría ser grandemente mejorado si fuese posible computarizar los archivos médicos de todos los hospitales en el país. Qué pensaría acerca de esto? Está Ud. :

fuertemente de acuerdo... 1 13
de acuerdo..... 2
no está de acuerdo..... 3
fuertemente de desacuerdo 4
NO PUEDE DECIDIR..... 5

Ahora me gustaría hacerle una pregunta acerca de relaciones con otra gente.

66C. De quién puede hacerse amigo más facilmente, de un anglo con la misma educación y los mismos ingresos que Ud., o de un latino con una educación muy diferente e ingresos muy diferentes que Ud.? 17

un anglo con la misma educación e ingresos que Ud..... 1
un latino con una educación diferente e ingresos muy diferentes que Ud..... 2
NINGUNO..... 3
LOS DOS..... 4
NO SE..... 8

67. Durante el año pasado, han tenido Ud. o alguien de su familia algún problema traído por computadoras?

SI...ASK A.....1 18
NO...SKIP TO Q68... 2

A. Qué fue este problema? 19-20 21-22 23-24

68. (SHOW CARD #68.) En cada una de estas tarjetas hay un par de declaraciones. Se las voy a leer mientras que Ud. las mira, y entonces dígame cuál se asemeja más a su propio parecer. (AFTER R CHOOSES, SHOW CARD #68B.) Aquí hay otro par; cuál se parece más a lo que Ud. piensa? (AND SO ON FOR CARDS #68C-D .)

A. Planear con adelanto, no es siempre buena idea, ya que muchas cosas dependen de la buena o mala suerte..... 1 [25]

o

Cuando hago planes, estoy casi seguro que los puedo realizar..... 2

---

B. El mundo está dirigido por un puñado de personas con posiciones de poder. Esto no da oportunidad para que el hombre común pueda hacer algo..... 3 [26]

o

La mayoría de las personas pueden tener influencia en las decisiones del gobierno..... 4

---

C. Solamente es una esperanza creer que uno puede influir en lo que le pasa a la sociedad en general..... 5 [27]

o

La gente como yo puede cambiar el curso del mundo si nos hacemos oir..... 6

---

D. En lo que se refiere a los acontecimientos mundiales, la mayoría de nosotros somos víctimas de fuerzas que no podemos entender ni controlar,..... 1 [28]

o

Al tomar parte activa en asuntos políticos y sociales, la gente puede controlar eventos mundiales..... 2

---

69. (SHOW CARD #69A.) En esta tarjeta hay un par de declaraciones. Se las voy a leer mientras Ud. los mira, y luego dígame cuál de estas declaraciones se asemeja más a su opinión. (AFTER R CHOOSES, SHOW CARD #69B AND REPEAT ABOVE.)

A. Automatizando varios de los trabajos en fábricas y oficinas, las computadoras han librado a la gente para dedicarse a trabajos más interesantes..... 3 [29]

o

Automatizando varios trabajos, las computadoras muchas veces quitan la libertad de escojer lo que hace a un trabajo interesante..... 4

---

B. Usando archivos de información computarizada muchas veces la gente en el gobierno pueden hacer buenas decisiones..... 5 [30]

o

Usando información incorrecta de las comuptadoras, la gente del gobierno pueden hacer malas decisiones..... 6

---

70. (SHOW CARD #70A.) En cada una de estas tarjetas hay un par de declaraciones. Se las voy a leer mientras que Ud. las mira, y entonces dígame cuál se asemeja más a su propio parecer. (AFTER R CHOOSES, SHOW CARD #70B.) Aquí hay otro par; cuál se parece más a lo que Ud. piensa? (AND SO ON FOR CARDS #70 C-F.)

A. Lo que me pasa, me lo busco yo..... 1

o 31

A veces pienso que no tengo bastante control sobre la dirección que mi vida está tomando..... 2

---

B. Conocer a la gente necesaria (con conecciones) es importante para el progreso de una persona..... 3

32

o

La gente progresará en la vida si sabe usar la cabeza y hace buen trabajo; conocer a la gente con conecciones no tiene nada que ver con esto..... 4

---

C. Muchas veces me he convencido que lo que va a pasar,pasará..... 5

o 33

A mi nunca me sale bien dejar las cosas a la suerte, es mejor tomar una decisión para efectuar un curso de acción definitiva... 6

---

D. Me es imposible creer que la oportunidad o la suerte juegan un papel importante en mi vida..... 1

o 34

Muchas veces siento que tengo poca influencia sobre los acontecimientos de mi vida..... 2

---

E. Las ocupaciones de mando parecen ir a la gente con mayor capacidad y que merecen ser elegidos..... 3

o 35

Es difícil saber por qué algunas personas reciben ocupaciones de mando y otros no; la habilidad no parece ser un factor importante..... 4

---

F. Hay muy poco que las persoans como yo puedan hacer para mejorar la opinión que el mundo tiene sobre los Estados Unidos... 5

o

36

Creo que cada uno de nosotros puede hacer bastante para mejorar la opinión que el mundo tiene sobre los Estados Unidos..... 6

---

71. Ahora, nos gustaría hacerle algunas preguntas acerca de la educación y el empleo. Cuál es el grado más avanzado que Ud. completó en la escuela?
