RE: IRB #191731 "Focus Groups on Climate Change in the US and Peru"

Dear Amanda Clayton:

A designee of the Institutional Review Board reviewed the Request for Exemption application identified above. It was determined the study poses minimal risk to participants. This study meets 45 CFR 46.104 (d) category (3) for Exempt Review. Approval is extended for the Request for Exemption application dated 09/24/2019 for Principal Investigator, Amanda Clayton.

Any changes to this proposal that may alter its exempt status should be presented to the IRB for approval prior to implementation of the changes.

DATE OF IRB APPROVAL: 9/24/2019

Sincerely,

Louis Clifford Rhodes MBA
Institutional Review Board
Behavioral Sciences Committee
