Interpersonal Resources and Insider/Outsider Dynamics in Party Office

Codebook of dataset "data_necs.dta"

19 Jan. 2022

Structure of the data: One observation (row in the dataset) refers to a year a person has been a member of a party's National Executive Committee.	
Variable	**Definition**
id	Unique identifier of each observation.
id_name	Unique identifier for each individual.
id_name_period	Unique identifier for each individual in each period a person belong to the party's NEC (121 individuals have been NEC members in non-consecutive periods).
year	Year of observation.
party	Political party. • 3400 = AP/PP • 3401 = PSOE • 3402 = PCE /IU • 3405 = Podemos • 3406 = C's • 3411 = Vox
region	Region of origin of the NEC member. • 3401 Andalusia • 3402 Aragon • 3403 Asturias • 3404 Canary I. • 3405 Cantabria • 3406 Castile-La Mancha • 3407 Castile and Leon • 3408 Catalonia • 3409 Extremadura • 3410 Galicia • 3411 Balearic I. • 3412 La Rioja

	• 3413 Madrid • 3414 Murcia • 3415 Navarre • 3416 Basque Country • 3417 Valencian Comm. • 3418 Ceuta/Melilla
partyconference_day	Day of the month when the last party conference was held.
partyconference_month	The month of the year when the last party conference was held.
partyconference_year	Year when the last party conference was held.
partyconference_date	Date when the last party conference was held.
period_5y	Grouping of years into 5-years periods.
partyconference_id	Party Conference ID.
partyconference_type	This variable indicates if the current or preceding party conference was one where the NEC member was (re-)selected (=0) or deselected (=1).
gender_internal_rules	Minimum share of women in the NEC according to the party's internal rules.
share_female_nec	Share of women in the NEC.
total_nec	The total number of NEC members.
nec_election_mode	NEC's mode of selection: • 1 = Appointed by the leader • 2 = Elected in closed lists • 3 = Elected in open lists
share_female_mps	Share of women in the party's parliamentary group (at the time of the party conference).
nec_failure	Observation denoting when a NEC membership ends (=1).
nec_order_year	Year of membership in the party's NEC.
party_hardcore	Variable indicating whether the NEC member held a key portfolio (=1).
nato	Variable indicating whether the NEC member was an ex-officio or appointed member of the NEC (=1).
years_since_last_partyconference	The number of years since the last party conference.
full	Variable indicating no missing values in any of the key variables of interest (Yes = 1; No = 0).
gender	Gender of the NEC member (1 = Woman; 0 = Man).

childless	Family responsibilities of the NEC member (1 = No children; 0 = At least 1 child).
age	Age of the NEC member
university_degree	Educational attainment of the NEC member (1 = At least University degree; 0 = Lower than University degree).
isei	Occupational status of the NEC member, based on the Socio-Economic Index of occupational status – ISEI (Ganzeboom et al., 1992).
seniority	Number of years that the NEC member has occupied any public office.
seniority_log	Log number of years that the NEC member has occupied any public office.
national_politics_experience	Number of years that the NEC member has occupied any public office at the national level.
national_politics_experience_log	Log number of years that the NEC member has occupied any public office at the national level.
years_as_party_member	Number of years that the NEC member has been a party member.
years_as_party_member_log	Log number of years that the NEC member has been a party member.
youth_org	The NEC member's present or past membership with the party's affiliated youth organization (Yes = 1; No = 0).
leader_coincidence_log	Log number of years that the NEC member has coincided in the same political institutions with the current party leader.
leader_coincidence	Number of years that the NEC member has coincided in the same political institutions with the current party leader.
leader_region_coincidence	Variable indicating whether the NEC member and the current party leader come from the same region (Yes = 1; No = 0).
leader_birth_coincidence	Variable indicating whether the NEC member and the current party leader belong to the same generation, defined as being born +/-5 years than the party leader (Yes = 1; No = 0).
nec_seniority	Number of years that the NEC member has served in the party's NEC.
previous_key_post	Did the NEC member hold a key post in the preceding NEC? (Yes = 1; No = 0).
