Green University

Permission for collecting data from teachers and students of English Department, Green University of Bangladesh

This is to certify that a group of researchers requested me for permission to collect data from the teachers and students of the Department of English, Green University of Bangladesh for a research on Challenges **of Listening and Speaking Skills of the Students of English Department: A Dataset from a University in Dhaka, Bangladesh**. As the Chairperson of the Department of English and Dean (Acting) of the Faculty of Arts and Social Sciences of the university, I granted the research team permission to conduct the study with teachers and students of the Department of English, Green University of Bangladesh.

I believe that the research team will investigate the challenges our students face in mastering listening and speaking skills and the ways they can overcome these challenges. The team will follow all ethical standards. I wish the team success with their research.
