Codebook for Replication Datasets for "Electoral Selection with Parties and Primaries"

James M. Snyder, Jr.

Department of Government

Harvard University

Michael M. Ting

Department of Political Science and SIPA

Columbia University

This codebook describes the variables in the following datasets:

tables_1_2_replication.dta

table_3_replication.dta

1. Primary State

	frequency	percent	cumulative percent
0	7	14.58	14.58
1	41	85.42	100.00
missing	0		
total	48	100.00	

2. Vote Margin

range	[.0008,.4321]
mean	.0992
standard deviation	.1014
10th percentile	.0162
25th percentile	.0316
50th percentile	.0683
75th percentile	.1081
90th percentile	.2570
observations	48
missing	0
total	48

3. Rel Dem Vote Before Primaries

range	[-.1870,.4756]
mean	.0362
standard deviation	.1454
10th percentile	-.0963
25th percentile	-.0559
50th percentile	-.0021
75th percentile	.0733
90th percentile	.2840
observations	46
missing	2
total	48

4. Change in Rel Dem Vote

range	[-.0657,.1630]
mean	-.0038
standard deviation	.0457
10th percentile	-.0473
25th percentile	-.0357
50th percentile	-.0208
75th percentile	.0219
90th percentile	.0496
observations	46
missing	2
total	48

5. Competitive Primary

	frequency	percent	cumulative percent
0	8,537	55.91	55.91
1	6,732	44.09	100.00
missing	0		
total	15,269	100.00	

6. Democrats Favored

	frequency	percent	cumulative percent
0	11,920	74.46	74.46
1	4,089	25.54	100.00
missing	0		
total	15,269	100.00	

7. Republicans Favored

	frequency	percent	cumulative percent
0	11,934	78.16	78.16
1	3,335	21.84	100.00
missing	0		
total	15,269	100.00	

8. Competitive State

	frequency	percent	cumulative percent
0	8,537	55.91	55.91
1	6,732	44.09	100.00
missing	0		
total	15,269	100.00	

9. Incumbent Running

	frequency	percent	cumulative percent
0	11,239	69.57	69.57
1	4,917	30.43	100.00
missing	0		
total	15,269	100.00
