GRAND RALLY AT OPERA HOUSE, 8 O'CLOCK TONIGHT

RIGHT OF WAY STREWN WITH BODIES VICTIMS OF FIERCE FOREST FIRES

SCORES HAVE PERISHED FLED TO RAILROAD ONLY TO MEET HORRIBLE DEATH

The Most Disastrous Fire in the History of Northern Minnesota Claims Many Victims---Body of One Woman With Baby Lashed to Her Breast Found Charred by the Side of the Track---Fires So Fierce Clothing Was Burned From Bodies Lying on Railroal Track.

[UNITED PRESS LEASED WIRE.]

Fort Williams, Ont., Oct. 8.—A special to a local paper today from Beaudette, Minnesota, about 200 miles west of here on the Canadian Northern railway, which was destroyed by forest fires says:

"Most disastrous forest fire in the history of Northern Minnesota and Western Ontario visited this vicinity last night in which a number of lives were lost and millions of dollars' worth of property were destroyed. It broke out northwest of the town about 6 o'clock and by 6:30 the whole towns of Beaudette and Spooner were on fire.

"The down coming trains report the right of way strewn with corpses, five having been found between here and five miles west. They were endeavoring to get away from the fires and got out on the track only to be burned to death between the rails, the bodies being destitute of clothing, everything being burned except the shoes. One mother was found with a young babe lashed to her breast. Both were so completely charred by flames as to be unrecognizable.

It is feared that scores of settlers south of here have perished as it is known they were packing up to come to town but have not reached here yet.

Made Successful Flight.

St. Louis, Mo., Oct. 8.—Flying 1500 feet in the air, Aviator Archie Hoxsey arrived at the aviation field at 2:30 o'clock today, exactly in time to start the aviation meet here, after a sensational flight from Springfield, Ill.

Hoxsey circled about like a lost carrier pigeon, apparently unable to locate the aviation field, owing to a haze that covered the earth at the height of a couple hundred feet. Bombs were fired to attract his attention, and he descended.

Fire Beyyond Control.

Winnipeg, Man. Oct. 8.—The Canadian Northern has sent out two relief trains to Beaudette and Spooner, destroyed by forest fires last night.

Alfred Berg, a prominent merchant of Spooner, who fled just before the city was destroyed, says the conflagration will spread rapidlyy, as the bush is very dry. He reports the destruction of the Rat Portage Lumber Company's mills, entailing a loss of $150,000.

WILL DRIVE OUT RELIGIOUS ORDERS QUELPOS MONASTERY BOMBARDED

MONKS PUT UP GOOD FIGHT BUT YIELD TO ARTILLERY--- WILL EXECUTE LEADERS

Republic Will Condemn and Purchase Property of All Monasteries, Convents and Other Orders---and Sunday Will Issue Decree Ordering All Religious Orders to Vacate Portugal Within 24 Hours---Many Priests, Accused of Sedition, Are Under Arrest and Awaiting Trial.

[UNITED PRESS LEASED WIRE.]

Lisbon, Oct. 8.—The republic of Portugal today formally proclaimed an order of banishment against King Manuel, Queen Mother Amelia, Dowager Queen Maria Pai and the Duke of Oporto. It was learned today that the Duke of Oporto was captured while fighting, and that he was escorted to the seacoast and placed aboard the royal yacht Amelia. This order against him and the fallen king is most strict.

It was reported here today that Dom Manuel had attempted to commit suicide at Gibraltar following the news of the banishment, and that he was prevented from carrying out his purpose by his mother. This report could not be confirmed here, but nevertheless it created considerable excitement.

President Braga insisted today that the reports from the provinces are encouraging to the Republicans.

"The people are still very excited," said the new executive, "and until normal conditions are restored we will take every precaution against endangering our new-found liberties."

It is reported that leading Royalists and Clericals, who have been most active in opposing the Republic, will be executed.

This rumor also could not be confirmed, but those who are in close touch with affairs say that it is unlikely, judging from the moderat'on that so far has marked the action of the revolutionary leaders. It is feared in some quarters that the new government may go too far in punishing its enemies.

It is certain, however, that undesirable Catholics will be expelled and that monasteries and convents will be closed, and their contents seized. All monastery and conventual lands and valuable will be preempted by the republic. In this way lands will be practically condemned by the government, and purchased for a nominal sum.

Many priests, accused of sedition, are under arrest and await trial.

It was officially announced today that officers of the army and navy, who had succeeded in establishing the republic, would be promoted. This also applies to enlisted men who distinguished themselves in action.

Details of the capture of Quelpos monastery are reaching here today.

RUNNING A-MUCK IN HONDURAS

ENGLISH AND AMERICANS ARE IMPRISONED BY ORDER OF CITY COMMANDANTE, BEING CHARGED WITH FOMENTING A REVOLUTION.

[UNITED PRESS LEASED WIRE.]

Guatemala City, Oct. 8.—Foreigners are fleeing in terror from Amalapa, Honduras, following the imprisonment of English and Americans, and the seizure of their property by the city commandante last night.

The jailing of the Americans and Englishmen is believed to be tantamount to condemnation to death.

The foreigners are accused of fomenting a revolution.

Anarchy prevails and the authorities are not attempting to prevent pillage. The British consul at Amalapa has fled to San Salvador, and has cabled asking for a cruiser.

The commandante announced that he will burn the city if the warship appears.

American interests are menaced, and the property of the American colony has been seized by the authorities.

American refugees are appealing for protection.

"Death to Taft's Dogs!"

New Orleans, La., Oct. 8.—Private cablegrams today state that Americans in Honduras are cabling Washington to send warships.

Another Big Forest Fire.

Santa Cruz, Cal., Oct. 8.—A forest fire, which already has swept over a thousand acres of timber land, and which threatened the Santa Cruz big trees, is burning today at the head of Clear creek. Gangs of men are being gathered to fight it, as those who have been trying to check the flames are exhausted, according to telephone messages received here.

The fire started near Ben Lomond. Embers from a camp fire are supposed to have caused it.

ANOTHER OIL FIELD IS FOUND

NEW STRIKE MADE 50 MILES NORTHWEST OF BAKERSFIELD AT 300 AND 500 FEET DEPTH—GREAT CROWDS RUSH TO NEW FIELDS.

Bakersfield, Cal., Oct. 8.—Excitement over the recent oil strike in the Lost Hills district is growing daily. It was estimated today that 2000 men have left Bakersfield for the new fields during the last week, and hundreds of automobiles loaded with prospectors are leaving here every day.

Reports today indicate that oil has been struck in Lake Shore, 50 miles northwest of the Bakersfield fields.

The reports say that the flow was struck at a depth of only 500 feet. A second strike last evening at 300 feet caused a rush toward Lake Shore today.

Bakersfield resembles today the headquarters for a mining rush. The streets are filled with men preparing to go to the fields. The people here are intensely excited.
