Codebook regarding "Sex ratio and Crime: Evidence from China"

Data file: Figure_1_3.dta

Variable	Description
year	Year
arrests	Arrests/10,000 Population
propertyrate	Property crime rates
violencerate	Violent crime rates
sexratio	Male/Female 16-25

Data file: Sexratio_crime.dta

Variable	Description
id	Province ID
year	Year
crime	Crime rate
lcrime	ln (Crime)
corruption	Corruption rate
lcorruption	ln (Corruption)
pop	Population size (10,000)
lpop	ln (pop)
income	Real per capital income
lincome	ln (Income, per capita)
employment	Employment rate
inequality	Urban/rural per capita income
urbanization	Urbanization rate
welfare	Welfare expenditures share
lwelfare	ln (Welfare exp.)
eximfdi_gdp	(Export+Import+FDI)/GDP
construction	Construction (10,000 sqare meters)
lconstruction	ln (Construction)
immigration	Immigration rate
police	Police expenditures share
lpolice	ln (Police exp.)
big4	Dummy: Beijing, Shanghai, Tianjin, Guangdong

mfw1625	Weighted sex ratio (census 2000, age 16-25)
mfw1015	Weighted sex ratio (census 2000, age 10-15)
mfw2645	Weighted sex ratio (census 2000, age 26-45)
mfw4665	Weighted sex ratio (census 2000, age 46-65)

Data file: Marriage.dta

Variable	Description
id_prov	Province ID
id_county	County Id
category	County type
pop	Population size
unmarr_mal_rate	Never married rate (men)
unmarr_fem_rate	Never married rate (women)
div_mal_rate	Divorce rate (men)
div_fem_rate	Divorce rate (women)
ratio	Resident sex ratio, aged 15-45
lratio	ln (Sex ratio)
urb_rate	Urbanization rate (%)
mino_rate	Minority rate (%)
ill_rate	Illiterate rate (%)
potable	Potable water (%)
imm_rate	Immigration rate (%)

Data file: UHS.dta

Variable	Description
region	Province ID
year	Year
male	Dummy (male=1)
ratio	Residence sex ratio (censuses 1990 and 2000)
ratiob	Birth sex ratio (census 2000)
edu	Education (years)
college	College or above
high	High school or above
mid	Middle school or above
employ	Employed
professional	Professional job
lwage	ln(Wage)
lincome	ln(Income)
age	Age

Data file: CHNS_1.dta

Variable	Description
id	Province ID
hhid	Household id
line	line number of household member
wave	Survey year
food	Time spent on food preparation
wash	Time spent on wash clothes
child	Time spent on child care
chore	Total time spent on household chores
ratio	Sex ratio (census 1990)
ratiob	Birth sex ratio (census 2000)
male	Male
age	Age
pop	Population size (10,000)
lpop	ln(pop)
education	Education (years)
rural	Rural
yob	Year of birth

Data file: CHNS_2.dta

Variable	Description
id	Province ID
hhid	household id
line	line number of household member
wave	survey year
par	Decision participation
dom	Decision maker
ratio	Sex ratio (census 1990)
ratiob	Birth sex ratio (census 2000)
male	Male
age	Age
pop	population size (10,000)
lpop	ln(pop)

education	Education (years)
rural	Rural
yob	Year of birth
