4 Narrative

[*Instructions for the Enumerator: Your goal in this section is to capture extensive detail about what took place in the village after the first meeting. You should ask the Chief each question, probing for more detail. When you feel that you understand the answer, you should take a few minutes to write down in complete sentences what took place in the village. When writing your responses, make sure to include detail about (a) who was involved in decision-making (b) how decisions were made and (c) any actions or events that results from these decisions such as meetings or other activities in the community. Note that you will be required to answer the questions in Section 5 on the basis of these narratives so be sure that the necessary elements are covered to allow you to answer these questions*]

Now I'd like to ask you a few questions to get a better sense of how the community representatives and the community project were selected. Feel free to include as much detail as you can.

Q 36. Can you tell me what happened right after the members of our team left the village when the first community meeting was held last week? Were any decisions made that day about how to select the community representatives or the project? If so, what were those decisions? How were they made?

Q 37. How were the community representatives selected?

Q 38. How was the project selected?

Q 39. Were any activities undertaken to prepare the community for the game?
