When Is Discrimination Unfair

Replication Package

MASTER

This package replicates the published version of the paper:

When is Discrimination Unfair?

Folder **0_Qualtrics Survey**: Survey contains the raw survey data from Qualtrics

Folder **1_Dataset Construction** contains instructions for converting the raw data into the main, cleaned Stata file.

Folder **2_Main Analyses** contains the data and Stata do files that replicate almost all the paper's results.

Folder **3_Additional Analyses (Appendix 7)** contains R files that produce the results in Appendices 7.3 and 7.4.
