Data Codebook

NSF Survey

Dataset: nsf_survey_replication.dta
Source: 2015 NSF-funded survey conducted by Netquest in Colombia
Sample: National probability sample of Colombian adults

Trust Measures

Variable	Description	Values
IT1M	Generalized trust (survey question)	1-4 scale
JB4	Generalized trust (behavioral trust game)	Continuous
recip	Reciprocity (mean of JC4_1-JC4_6)	Continuous
pca_recip	Reciprocity (PCA score)	Continuous
negrecip	Negative reciprocity (mean)	Continuous
pca_negrecip	Negative reciprocity (PCA score)	Continuous

Peace Process Attitudes

Variable	Description	Values
COLPROPAZ1	Support for peace process	1-7 scale
DDR	DDR support scale (alpha)	Continuous
TJ	Transitional justice scale (alpha)	Continuous
all_DDR_TJ	Combined DDR and TJ scale	Continuous
peace_scale	Comprehensive peace scale (PCA)	Continuous
vigilante	Vigilante preferences scale	Continuous
punishment	Punishment preferences scale	Continuous

Victimization Variables

Variable	Description	Values
vic1_r	Any personal victimization	0=No, 1=Yes
famvic1_r	Any family victimization	0=No, 1=Yes
vic_any	Any victimization (personal or family)	0=No, 1=Yes
vicfarc	Personal victimization by FARC	0=No, 1=Yes
vicfarc_any	Any FARC victimization	0=No, 1=Yes
vicstate	State actor victimization	0=No, 1=Yes
vicstate_any	Any state victimization	0=No, 1=Yes
locvic	Internally displaced	0=No, 1=Yes
econvic	Economic loss from conflict	0=No, 1=Yes

Demographic Controls

Variable	Description	Values
sexo	Female	0=Male, 1=Female
EDAD_R	Age category	Categorical
children	Number of children	Count
education	Years of education	Continuous
income	Income level	Categorical
L1	Political ideology	1-10 (Left-Right)

Geographic Variables

Variable	Description	Values
municipio	Municipality name	String
zona	Geographic zone	Categorical
zona_d1-zona_d6	Region dummy variables	0/1
conflict_zone	Municipality in conflict zone	0=No, 1=Yes
Peso	Survey weight	Continuous

Political Variables

Variable	Description	Values
votesantos	Voted for Santos (2014)	0=No, 1=Yes
votezulaga	Voted for Zuluaga (2014)	0=No, 1=Yes
colespa8_r	Accept FARC mayor	0=No, 1=Yes
colpaz4a_r	Support FARC reintegration	0=No, 1=Yes

Guatemala 1999 LAPOP Data

Dataset: guatemala_1999_replication.dta
Source: LAPOP Guatemala National Sample 1999
Sample: National probability sample of Guatemalan adults

Key Variables

Variable	Description	Values
trust	Interpersonal trust (recoded)	1=Low, 3=High
peace_support	Peace process support (recoded)	1=Low, 3=High
vote	Vote choice	Categorical

Raw Variables

Variable	Description	Values
p77	Original trust question	1-3 scale
p80a	Original peace support question	1-3 scale
p31a	Voted in election	1=Yes, 2=No
p31b	Vote choice	Categorical

Control Variables

Variable	Description	Values
female	Female	0=Male, 1=Female
edad	Age	Continuous
p32c	Crime victim	0=No, 1=Yes
p62	Political interest	Categorical
p110	Wealth/assets	Categorical
p115b	Income	Categorical
p125	Education	Categorical
region	Geographic region	Categorical
ur	Urban/rural	Categorical
wtfact	Survey weight	Continuous

Colombia LAPOP Data

Dataset: colombia_lapop_replication.dta
Source: LAPOP AmericasBarometer surveys 2006-2020
Sample: National probability samples of Colombian adults

Key Variables

Variable	Description	Values
it1	Interpersonal trust	1-4 scale
year	Survey year	2006-2020
ur	Urban/rural residence	1=Urban, 2=Rural

Outcome Variables

Variable	Description	Values
colb60_r	Trust in FARC	Continuous
colpropaz1r	Support for peace process	Continuous
colpaz6a_r	Reconciliation possible	0=No, 1=Yes
m1_r	Presidential approval	Continuous
sd6new2	Local services satisfaction	1-4 scale
b47a	Trust in elections	Continuous

Demographic Controls

Variable	Description	Values
q1	Gender	Categorical
q2	Age	Continuous
q12	Education	Categorical
wealth_quin	Wealth quintile	1-5

Derived Variables

Variable	Description	Values
inst_trust	Institutional trust index (alpha)	Continuous
