Atkinson, Carol. 2006. Constructivist Implications of Material Power: Military Engagement and the Socialization of States 1972-2000, *International Studies Quarterly*, September.

This zip file contains the following files:

Stata do file:

Atkinson, ISQ 2006, Constructivist Implications.do – this file contains Stata 8.2 commands to replicate results found in tables 1a, 1b, 3, and 4

Data Sets for replication:

aut-stset.dta – for replication of models with coherent authoritarian states

dem-stset.dta – for replication of models with coherent democratic states

mid-to-aut-stset.dta – for replication of models with middle ground to authoritarian states

mid-to-dem-stset.dta – for replication of models with middle ground to democratic states

Log Files:

table1a.log – log file containing model results reported in Table 1a

table1b.log – log file containing model results reported in Table 1b

table3.log – log file containing model results reported in Table 3

table4.log – log file containing model results reported in Table 4

Description of variables can be obtained by running the do file or executing the `describe` command on each dataset.
