MEMORANDUM TO NICK CALIO
ASSISTANT TO THE PRESIDENT FOR LEGISLATIVE AFFAIRS

FROM: Lisa Howard LH
OMB LEGISLATIVE AFFAIRS

SUBJECT: Clearance of Senior Advisers Veto Threat

H.R. xxxx -- Nuclear Proliferation Prevention Act

The attached draft SAP contains a senior advisers veto threat. If approved this will be the first senior advisers veto threat issued on this bill.

This bill is similar to Title III of H.R. 3489, Omnibus Export Amendments of 1991. A Statement of Administration Policy containing a senior advisers veto threat on the similar provision in H.R. 3489 was issued on 10/28/91. H.R. 3489 passed the House 10/30/91 by voice vote. Due to the Administration's veto threat on Title III of the bill, during conference (which is still going on), Title III has been pulled from the bill and will be introduced as a stand-alone bill, thus H.R. xxxx.

The State Department is anxious to release the SAP with the senior advisers veto threat so that H.R. xxxx will hopefully be pulled from the suspension calendar. This bill has been scheduled on the House suspension calendar Tuesday, September 22nd.
