The University Park Institutional Review Board (UPIRB) designee determined that your project meets the requirements outlined in 45 CFR 46.101(b) **category (2)** and qualifies for exemption from IRB review. This study was approved on **05/27/2015** and is not subject to further IRB review.

Minor revisions were made to the application (section 22.1) and consent documents by the IRB Administrator. The IRBA revised document has been uploaded into the relevant iStar section. If revisions are made to the application, and changes are required to the support documents, please create an amendment, at which time the IRBA revised documents will become available to the study personnel. All current changes must be accepted using the track changes feature in Microsoft Word and the changes saved. The study

personnel can then revise the documents, including the date in the footer. The PI/study staff revised documents must then be uploaded into iStar using the "upload revisions" function; thereby replacing the obsolete documents. Please do **not** remove the obsolete version from the application.

The following materials were reviewed and approved:
Certified Information Sheet, dated 05-27-2015

To access IRB-approved documents, click on the "Approved Documents" link in the study workspace. These are also available under the "Documents" tab.

Please check with all participating sites to make sure you have their permission to conduct research prior to beginning your study.

Social-behavioral health-related interventions or health-outcome studies must register with clinicaltrials.gov or other International Community of Medical Journal Editors (ICMJE) approved registries in order to be published in an ICJME journal. The ICMJE will not accept studies for publication unless the studies are registered prior to enrollment, despite the fact that these studies are not applicable "clinical trials" as defined by the Food and Drug Administration (FDA). For support with registration, go to www.clinicaltrials.gov or contact Jean Chan (jeanbcha@usc.edu, 323 442-2825).
