Q5.
The following are some possible uses of the military. Please indicate <u>how important</u> you consider each potential role for the military.

A. To fight and win our country's wars.
B. To redress historical discrimination, for instance against African-Americans and women.
C. To provide disaster relief within the U.S.
D. To address humanitarian needs abroad.
E. To deal with domestic disorder within the U.S.
F. To intervene in civil wars abroad.
G. To combat drug trafficking.
H. To compete with great powers like China and Russia.

Q6.
Here are those same possible uses. Please indicate <u>how useful</u> the military is in addressing these issues, regardless of how important a role you consider it to be. For instance, something can be very important, but the military may be very limited in addressing it; or the military may have great utility, but the issue is of low importance.
