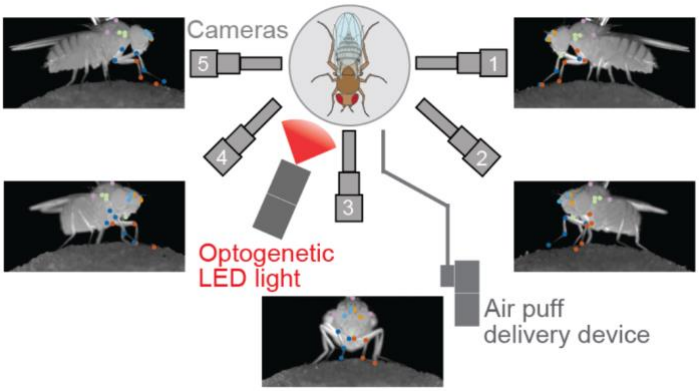
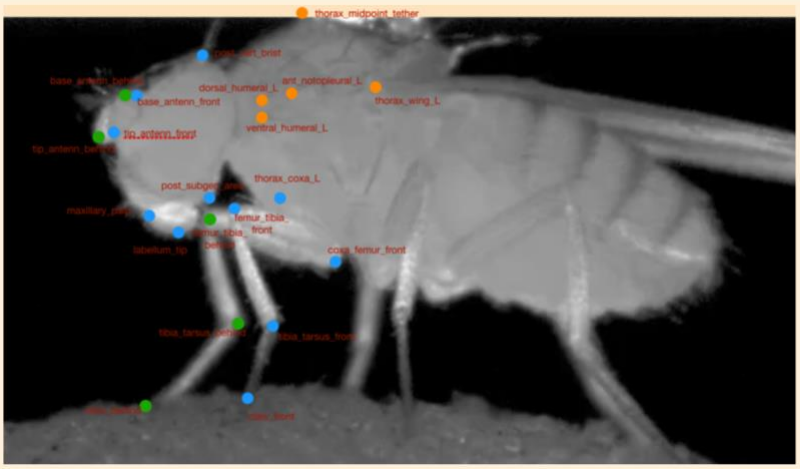
Experimental setup:

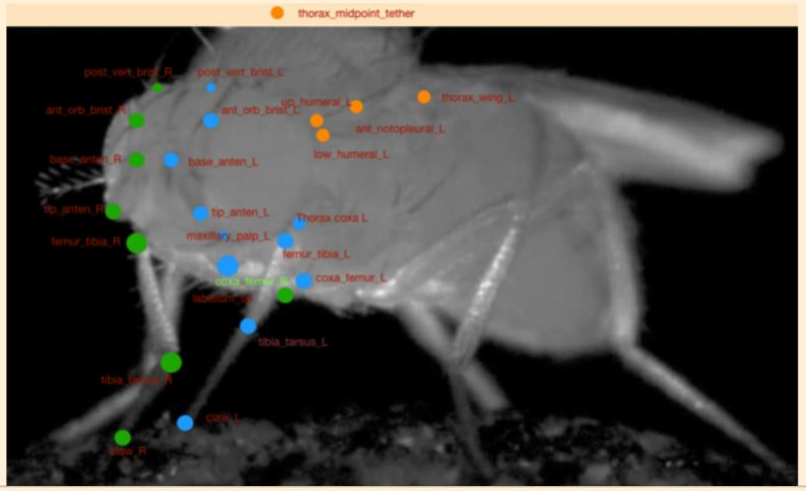


Annotations:



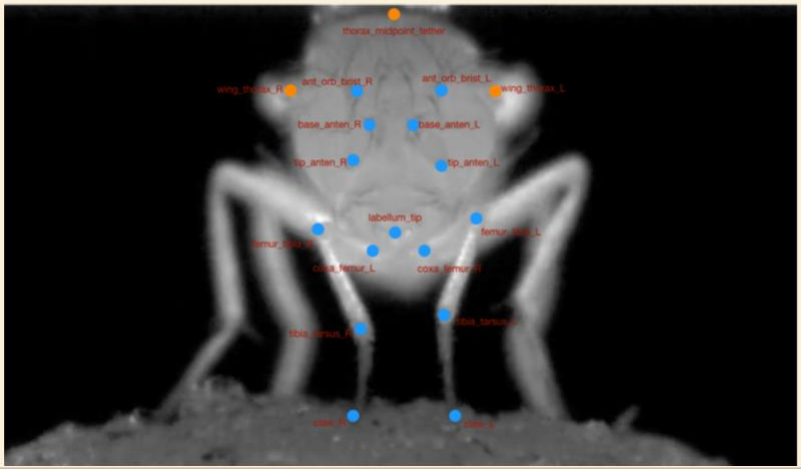
a) camera 1

- vertical symmetry is valid for camera 5
- in blue: key points of the fly's left side
- in green: key points of the fly's right side
- in orange: fixed key points



b) camera 2

- vertical symmetry is valid for camera 4
- in blue: key points of the fly's left side
- in green: key points of the fly's right side
- in orange: fixed key points



c) camera 3

- in blue: key points
- in orange: fixed key points
