Moving to Productivity: The Benefits of Healthy Buildings Palacios et al., PlosOne July 2020

README

This document provides data needed to replicate all of the results in Palacios et al. (2020) “Moving to Productivity: The Benefits of Healthy Buildings”

The files needed for replication are as follows:

1. data_dataverse.dta: contains the dataset
2. questionnaires.pdf : contains the original questionnaires, with the definition of the questions and the label to match the variable names in the data file
