I'm making Primary Census Abstract for the Census years 1991, 2001 & 2011 available for public use under Database Contents Licence. In case you wish to use this database, you are requested to attribute this by mentioning this reference:
"Mishra, Sumit (2014), Primary Census Abstract Data, available under DCL"
There are three files, all in Stata format, corresponding to the Census years:
1991: pca_census91_st_dist.dta (Covers state and district level information).
2001: pca_census01_india.dta (Covers information for all geographical units).
2011: pca_census11_india.dta (Covers information for all geographical units).
Please let me know if you make any improvements and alert me in case you find errors.
