- Currently updating the Segregation placement reasons in SRMS to simplify data entry and improve reporting.
- Translated Forms I-883 (disciplinary seg order) and I-887 (disciplinary seg review) into Spanish.
- Currently developing requirements for a new compliance tracking report to quickly and efficiently identify missing or non-compliant entries into SRMS.
- Exploring whether we can enable SRMS to query EID when a person's A# is entered and auto-populate select fields directly from EID into SRMS.

Data Sources and Definitions

- Data was extracted:
  - From the Segregation Review Management System (SRMS) on November 20, 2020
  - From IIDS on November 25, 2020
- The reporting period for this report is from October 1, 2019 – September 30, 2020
- Data includes all detainees who spent one or more days in Segregation during the reporting period
- The average daily population (ADP) for Segregation was generated by dividing the numbers of days each individual detainee spent in Segregation by the number of days in the reporting period (365)
