ASSOCIATION WITH THE COPENHAGAN ACCORD

I am pleased to inform you that the Government of The Gambia has formally associated itself with the Copenhagen Accord.

Nonetheless, as an African and Least Developed country most vulnerable to climate change, we would expect partnership and support in addressing the negative consequences of this menace for which we are not responsible for. As a member of the global community, we would play our role diligently in line with the provisions of the Kyoto Protocol and expect the full support in our adaptation and mitigation activities as enshrined in the Bali Action Plan and other agreements reached in the run-up to the COP 15 meeting

In this regard, we look forward to any support and pledge our full commitment in implementing the Accord.

Please accept, Executive Secretary, the assurances of our highest consideration.

Lamin Nyabally
Permanent Secretary

Cc: Secretary General
Office of The President
State House
