The Permanent Mission of the Republic of Guyana to the United Nations presents its compliments to the Secretariat of the United Nations Framework Convention on Climate Change and with reference to the Copenhagen Accord of 18 December, 2009 has the honour to convey the willingness of the Government of Guyana to be associated with the Accord.

The Permanent Mission of the Republic of Guyana has the further honour to convey the following:

Guyana remains committed to the achievement of an ambitious and comprehensive legally binding outcome under the United Nations Framework Convention on Climate Change.

Guyana is concerned that the non-legally binding nature of the Copenhagen Accord and the inadequacy of commitments currently inscribed under the Accord would not enable the attainment of the target of containing global temperature rise below two degrees Celsius.

The Permanent Mission of the Republic of Guyana to the United Nations avails itself of this opportunity to renew to the Secretariat of the United Nations Framework Convention on Climate Change the assurances of its highest consideration.
