```
================================================================================
Project Code: STAN0095
Project Name: UK Tax survey
Prepared for: Ken Scheve
Interviews: 1000
Project Manager: Sam Luks - 650.462.8009
================================================================================
YouGov interviewed 1091 respondents who were then matched down to a
sample of 1000 to produce the final dataset. The respondents were
matched to a sampling frame on gender and age. The frame was
constructed by stratified sampling from the 2015 Eurobarometer.
The matched cases were then raked to known quantities for
age X gender and vote choice in 2015 X region, and estimates for
social grade and attention to politics. The weights were trimmed
to a maximum value of 7.

                                Variable List
