Notes for Replication file

The folder contains replication code for all tables and figures appearing in the main text and appendix. “main_result.do” includes code for tables and figures in the main draft. “Appendix.do” includes codes for tables and figures in the appendix.

Data accessibility

“citypanel_12_19.dta” refers to city panel data between 2012 and 2019.
“fulldata_rural.dta” refers to individual level data we surveyed in 2019.
“cfps_12_20.dta” refers to five waves of CFPS data between 2012 and 2020. Due to proprietary restrictions, we cannot disclose the data. The following shows how to get access to the dataset.

China Family Panel Studies (CFPS) is the proprietary dataset, which can be accessed after application. Users can visit Peking University Open Research Data platform to register as a user and apply for the availability. Users are subjected to the regulations and agreements of data application policy of CFPS. The link for the website:
https://opendata.pku.edu.cn/dataset.xhtml?persistentId=doi:10.18170/DVN/45LCSO
Despite the individual level data, the prefecture administration ID information needs to be applied individually.
