The University of Notre Dame Institutional Review Board (IRB) has reviewed the research protocol described above. The research has been reviewed and determined to be exempt from human subjects research regulations found at 45 CFR 46.101. The research proposed under this protocol has been determined to qualify for exemption under the following categories:

While your research has been determined to be exempt, certain ethical obligations remain for the protection of human subjects. If you wish to modify the research activities, check with the Notre Dame Research Compliance office at 574 631 1461 to determine if the modifications will affect the exemption determination.

Unanticipated problems involving risks to subjects and others, incidents of non-compliance, protocol violations, and sponsor or investigator initiated suspensions of research must be reported to the IRB following IRB SOPs.

This determination is issued under the University of Notre Dame 's Federal Wide Assurance (FWA00002462) with the Office for Human Research Protections.

NOTICE OF APPROVAL FOR EXEMPT HUMAN SUBJECT RESEARCH

DATE:	January 24, 2022
TO:	Early, Hannah, Political Science Lourigan, Celeste, Political Science, Hui, Victoria, Political Science

PROTOCOL TITLE:	Everyday form of Engagement with the State: Violence, Networks, and the Pursuit of Welfare in Israel/Palestine
FUNDING SOURCE:	None
PROTOCOL NUMBER:	21-10-6850
	Approval Date: January 24, 2022 Expiration Date: N/A

The Institutional Review Board (IRB) has reviewed your proposed amendment to the research protocol entitled: Everyday form of Engagement with the State: Violence, Networks, and the Pursuit of Welfare in Israel/Palestine

The amendment has been reviewed and determined to not affect the research 's exempt status. Exemption means that all research activities described in the protocol fall under one or more of the exemption categories specified by the Federal regulations (45 CFR 46.101).

Modifications to the research activities could result in the research no longer falling under exempt status. Therefore, if you wish to modify the research activities, check with Notre Dame Research Compliance at 574-631-1461 or by email at compliance@nd.edu

This approval is issued under the University of Notre Dame 's Federal Wide Assurance (FWA00002462) with the Office for Human Research Protections.
