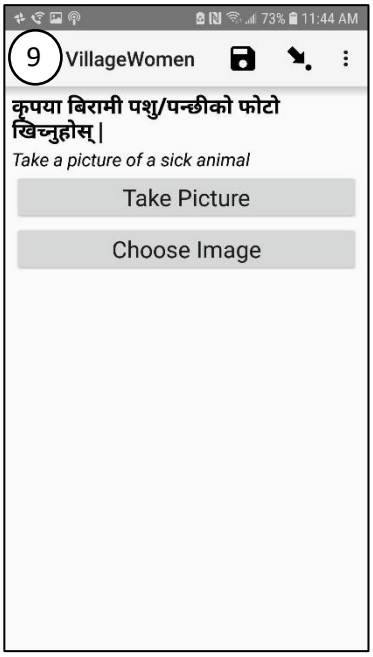
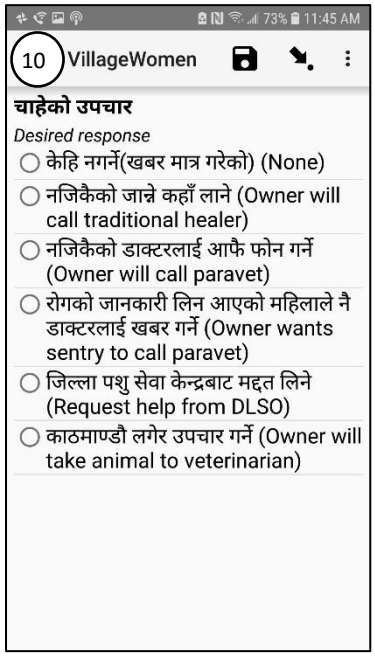
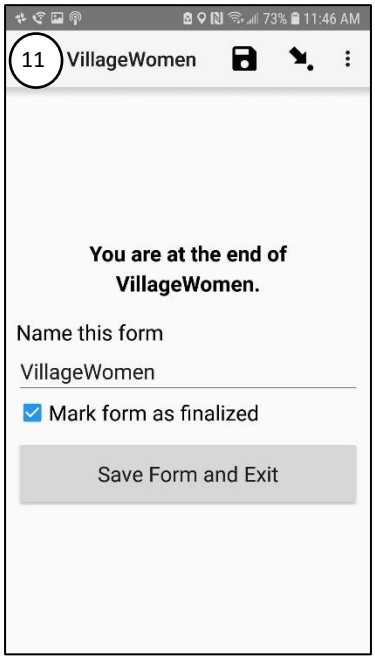
English (US)







Instructions for Download

1. Go to the Google Play Store on an Android phone and search for the ODK Collect application (free)

2. Download ODK Collect and open the application. Once it is opened you should see buttons like Fill Blank Form.

3. Click the settings button located at the bottom of the screen on the right side of home button.

4. Select Admin Settings,

5. Select General Settings located at the top of the screen. On the following screen select the second option “Platform Settings”.

6. Under URL, enter the following link: https://villagewomen-146915.appspot.com. Leave Username as "anonomousUser”.

7. Once these settings have been configured, return to the main menu in the ODK Collect app. Then select “Get Blank Form” for the Village Women survey

8. Finally select “Fill Blank Form” which will bring up the survey screens shown above. Fill in the form and then click the “Save Form and Exit” button to save and upload the data.
