Translation ethical approval:

Ethical vote for your project: What citizens want from deliberative participation processes: An online survey with a preference experiment to capture perceived legitimacy (PerLeg).

Dear Prof. Bächtiger

The Commission on Responsibility in Research considered your above request at the Commission's May 10, 2021 meeting. The Commission has determined that there are no ethically critical aspects to be identified in this project and has unanimously approved the implementation of the study.

It should also be noted that only ethical aspects were considered and audited. If necessary, contact the Central Data Protection Office of the Baden-Wuerttemberg Universities (ZENDS), which is located at the University of Stuttgart.

Sincerely

Prof. Dr.-Ing. Peter Middendorf

- Chairman of the Commission Responsibility in Research-
