Codebook for "*state.dta*"

This document serves as the codebook for the state-sector-level union data used in this project. For more information about the dataset, see “MetaDataGuide.pdf” in the **Metadata/** folder (a subfolder of the **InputData/** folder), or see the original data source at https://unionstats.com/state/states_index.html. This codebook is adapted from the “Data Description” section of this webpage into a table format.

Data Element	Definition	Format
x	(null)	Numeric
state_cens	Census state code used in CPS	Numeric
state	State of observation	Character
sector	Sector of observation	Character
nobs	CPS sample size	Numeric
empl	Wage and salary employment	Numeric
member	Employed workers who are union, members	Numeric
covered	Workers covered by a collective bargaining agreement	Numeric
pctmem	Percent of employed workers who are union members	Numeric
pctcov	Percent of employed workers who are covered by a collective bargaining agreement	Numeric
state2	2-letter state abbreviation	String

year	Year of survey	Numeric
id	Dataset ID for specific state-sector pair (e.g Ohio Priv. Manufacturing)	Numeric
pctmem100	*pctmem * 100*	Numeric
pctcov100	*pctcov * 100*	Numeric
