Guidelines for Selecting Households and Respondents

You will be assigned two target respondents. For each target:
Write the target line number in Z.6 (even if you don't eventually find the target).

1) If possible find and interview the target. (Code 1 to question Z.7)
2) If you can find the target's household but the target is not there, chose another respondent from the household. (Code 2 to question Z.7)
3) If you can find the dwelling where the target used to live, but the whole household has moved and another household is currently occupying the dwelling, chose a respondent from the household currently there. (Code 3 to question Z.7)
4) If you cannot find the dwelling where the target used to live, or it's currently un-occupied, or the household refuses to cooperate, contact your supervisor to receive a replacement household from the "New Replacement Households List" and chose a respondent from this household. (Code 4 to question Z.7)

In cases 2, 3 and 4 choose a responsible, adult member of the household, as close to the head as possible, and of the same sex as the target if possible.

Complete Z.10 using the codes given below.

household fate codes

01 = target is around but unwilling / unable to be interviewed
02 = target is away temporarily (less than 1 month)
03 = target has moved → Complete a tracking for the target
04 = target has died
05 = no one knows what happened to the target

When the target is known to have moved, complete a tracking form for the target in addition to completing the questionnaire with the new respondent.

INTRODUCE THE SURVEY TO THE RESPONDENT AS FOLLOWS:

My name is _____. We work with Statistics Sierra Leone and are collecting data on behalf of the Institutional Reform and Capacity Building Project, a project that works with the central government and the Local Councils. The purpose of this survey is to better understand public services and development needs in your community/neighborhood. The information will be used to monitor whether local councils are able to maintain the level and quality of public services over time. Your answers will be kept strictly confidential, and your name will not appear on any printed documents. We encourage you to provide answers to the best of your knowledge and to give us your honest opinion, regardless of whether it is positive or negative. If at any time you don't know the answer to a question or don't want to answer, feel free to say so.

Can I go ahead and ask you the questions? It will take between 1 and 2 hours.

IF THIS HOUSEHOLD HAS BEEN SELECTED TO RECEIVE A RADIO OR POSTER, SAY:

Thank you very much for your time and for cooperating with the survey. Usually, Statistics Sierra Leone's does not provide gifts to those who participate in surveys, but relies on the cooperation of people to help provide the information needed to help develop this country. However in this case the names of those chosen to participate in this survey were entered into a lottery and a few were chosen to receive a gift. You were selected to receive a [poster/radio]. This [poster/radio] is for your use as you were the person who answered the survey. We would like you to keep this [poster/radio]. In a year or two we will come back and interview you again and we will ask to see the [poster/radio] This will help the interviewer next time know that they have found the right person. We hope that you will still have it.

(If giving a radio, show how the radio works.)
