Subject: Risk Corridors Payment and Charge Amounts for the 2016 Benefit Year

Background:

Section 1342 of the Affordable Care Act directs the Secretary of the Department of Health and Human Services (HHS) to establish a temporary risk corridors program that provides issuers of qualified health plans (QHPs) in the individual and small group markets additional protection against uncertainty in claims costs during the first three years of Exchange operations.

HHS established a three-year payment framework for the risk corridors program and outlined the details of this payment framework in our April 11, 2014 guidance entitled *Risk Corridors and Budget Neutrality*.[1] As set forth in that guidance, if risk corridors collections for a particular benefit year are insufficient to make full risk corridors payments as calculated for that benefit year, risk corridors payments are reduced pro rata to the extent of any shortfall. HHS then uses risk corridors collections for the subsequent benefit year toward risk corridors payment balances for the previous benefit years, until issuers have been reimbursed in full for the previous benefit year, before making payments for the current benefit year. Consistent with this framework, HHS announced on November 18, 2016 that all 2015 benefit year risk corridors collections would be applied toward 2014 benefit year risk corridors payment balances.[2]

Today, HHS is announcing issuer-level risk corridors payments and charges for the 2016 benefit year. Because 2015 benefit year collections were insufficient to pay 2014 benefit year payment balances in full, HHS will use 2016 benefit year risk corridors collections to make additional payments toward 2014 benefit year payment balances. The table below shows risk corridors payments and charges calculated for the 2016 benefit year, by State and issuer, and the amount of anticipated 2016 risk corridors collections that HHS expects to pay for issuers that have 2014 benefit year payment balances.[3]

HHS intends to collect the full 2016 risk corridors charge amounts indicated in the tables below, however, the 2014 payment amounts listed in the tables below will be reduced pro rata based on

collections received. HHS is collecting 2016 risk corridor charges in November 2017 and will begin remitting risk corridors payments to issuers in January 2018, as collections are received.
