Appendix II

Questionnaire Codebook

(Researcher form)

Demographics

What is your country of residence? _____

1 – United Kingdom (UK)

2 - Chile

3 – Colombia

4 - Mexico

5 – Dominican Republic

6 - Spain

7 - Finland

8 - Russia

9 - Slovakia

10 - Brazil

11 - Belgium

12 - Malaysia

13 - China

14 - Denmark

15 - Germany

16 - Austria

17 - Australia

18 - Poland

19 - Cameroon

Region (to be filled up by the research staff) _____

1 – Europe

2 – Latin America

3 - Asia

4 – Oceania

5 – Africa

How old are you?

All data regarding cyclists' age were registered using **whole numbers**, i.e., without decimals (continuous variable)

With which gender do you identify yourself?

0 - Female

1 - Male

2 - Other

Are you an active urban cyclist, i.e., using the bike at least with a certain regularity (once a month or more) for any type of displacement? (filter question)

1 - Yes (All participants in the database have chosen this option)

0 - No (This ended the participation and discarded the questionnaire)

CBQ - Cycling behaviour

All items of this section (subsections F1, F2, and F3) used the same scale and coding criteria:

0 - Never (at all)

1 - Almost never

2 - Sometimes

3 - Frequently

4 - Very Frequently

RPRS – Risk perception and rule knowledge

All items of this section used the same scale and coding criteria:

0 - Strongly disagree

1 - Disagree

2 - Neither agree nor disagree

3 - Agree

4 - Strongly agree

Self-reported cycling crashes

During the past 5 years (and regardless of its severity), have you experienced any accident/crash-related incident while riding a bike?

1 - Yes

0 - No

In case of an affirmative response to the last question, can you estimate how many?

All responses regarding this question were registered using **whole numbers**, i.e., without decimals (continuous variable)
