Ethics Monitoring

Overall Project Analysis

This note is issued to assess the ethics status of the project in the framework of the ethics monitoring process.

According to the project file, one ethics deliverable remains pending. Taking into consideration the due date of the outstanding deliverables, a request has been sent to the Principal Investigator to upload the answer to the following deliverables:

D1.1 Copies of ethics approvals for the research involving human subjects must be submitted.

Detailed Comments

The Principal Investigator uploaded through the Participant Portal the following documents:

D1.1 Copies of ethics approvals for the research involving human subjects must be submitted. ***Status : Approved***
Approval from the Ethics Committee of the University of Tampere covering the entire duration of the project.

This Ethics Monitoring Note provides a favourable opinion to the ethical compliance of this project. No future monitoring is required.

Should you have any questions about this note, please contact your ethics officer, SIGGIA Silvia (ERC-ETHICS-MONITORING@ec.europa.eu).
