Codebook for "I'll Be Back: Exiled Leaders and Political Instability"

The following files are included in our replication materials:

Replication Do File.do
This contains the Stata commands needed to replicate the results in the main text and the online appendix.

Civil Conflict Replication Data.dta
This is the Stata dataset needed to replicate our results for civil conflict (i.e., it contains the Wimmer, Cederman, and Min 2009 replication dataset and our Leaders in Exile dataset).

Irregular Transitions Replication Data.dta
This is the Stata dataset needed to replicate our results for irregular leadership transitions (i.e., it contains the Archigos dataset and our Leaders in Exile dataset).

Coups Replication Data.dta
This is the Stata dataset needed to replicate our results for coup attempts (i.e., it contains the Houle 2016 replication dataset and our Leaders in Exile dataset).

Protests Replication Data.dta
This is the Stata dataset needed to replicate our results for protests (i.e., it contains the Escriba-Folch, Meseguer, and Wright 2018 replication dataset and our Leaders in Exile dataset).

Online Appendix.pdf
This is the online appendix referenced in the main text.
