Analysis: RhoE alpha only genes in HeLa - 2019-05-22 04:12 PM

🟥 RhoE alpha only genes in HeLa - 2019-05-22 04:12 PM

-log(p-value)

Pathway	Threshold
Autoimmune Thyroid Disease Signaling	
Airway Inflammation in Asthma	
α-tocopherol Degradation	
Leukotriene Biosynthesis	
Intrinsic Prothrombin Activation Pathway	
Serotonin Receptor Signaling	
Protein Citrullination	
PXR/RXR Activation	
Primary Immunodeficiency Signaling	
T Helper Cell Differentiation	
Communication between Innate and Adaptive Immune Cells	
cAMP-mediated signaling	
Maturity Onset Diabetes of Young (MODY) Signaling	
Superoxide Radicals Degradation	
FXR/RXR Activation	
Atherosclerosis Signaling	
Hepatic Cholestasis	
Ethanol Degradation IV	
Crosstalk between Dendritic Cells and Natural Killer Cells	
Glucose and Glucose-1-phosphate Degradation	
Eicosanoid Signaling	
Thyroid Cancer Signaling	
Bile Acid Biosynthesis, Neutral Pathway
