Appendix 2: Plotting the Results

"Pathways for overcoming commitment problems in the transition from intra-state conflict to peace: a fuzzy set qualitative comparative analysis of 34 comprehensive peace agreements"

Ibrahim Kumek, Hasan Duran, and Aylin Ece Cicek

Contents

1	Venn diagram for the truth table	1
2	Necessity XY plot of conditions	2
3	XY plots for necessary disjunctions	5
4	XY plot sufficiency for the SCNPT	7
	4.1 XY plots for conservative solution formula and sufficient terms	7
	4.2 Radar charts for conservative solution formula and sufficient terms	11
	4.3 XY plots for most parsimonious solution formula and sufficient terms	15
	4.4 Radar charts for most parsimonious solution formula and sufficient terms	17
	4.5 XY plots for intermediate solution formula and sufficient terms	19
	4.6 Radar charts for intermediate solution formula and sufficient terms	22
5	Plotting the initial solution against the test set	25
6	Plotting the results of the cluster diagnostics	26
