README File for Replication Data for: Women in Legislative Studies: Improving Gender Equality

Eleanor Neff Powell, Leslie Schwindt-Bayer, and Gisela Sin

March 28, 2023

Software Used:

R 4.2.3 GUI 1.79 High Sierra build (8198)
R Studio Version 2023.03.0+386 (2023.03.0+386)

Packages Necessary to Compile the code file:

```
library(tidyverse)
library(haven)
library(ggplot2)
library(naniar)
library(ggpubr)
library(tidyr)
library(dplyr)
library(reshape2)
library(lemon)
library(summarytools)
library(knitr)
library(xtable)
library(formattable)
library(pander)
library(flextable)
library(magrittr)
```

Packages available from: CRAN

Variables Redacted to Preserve Anonymity of Respondents:

The editors have granted an exception to the data policy for this manuscript. In this case, replication data are not available on Dataverse for the variables used to produce Table 1. This exception was granted because those variables are demographic characteristics that could make our respondents identifiable in this small elite sample.
