PROCLAMATION BY THE GOVERNOR
AMENDING AND EXTENDING PROCLAMATIONS 20-05 AND 20-22

20-22.1
Extending Truck Driver Hours Relief

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-51, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

WHEREAS, on March 13, 2020, in response to a Presidential Emergency Declaration issued to address the nationwide COVID-19 pandemic and pursuant to 49 CFR 390.23(a)(1)(i), the Federal Motor Carrier Safety Administration issued Emergency Declaration 2020-002, granting relief to motor carriers and drivers providing direct assistance in support of relief efforts related to the COVID-19 outbreaks from 49 CFR Parts 390 through 399 until April 12, 2020, to include relief from 49 CFR § 395, which has been adopted in Washington State pursuant to RCW 46.32.020 and WAC 446-65-010; and

WHEREAS, on March 18, 2020, the Federal Motor Carrier Safety Administration expanded Emergency Declaration 2020-002, providing hours-of-service regulatory relief to commercial vehicle drivers transporting emergency relief in response to the nationwide coronavirus (COVID-19) outbreak, by adding fuel and raw materials needed to manufacture essential supplies to the list of direct assistance in support of relief efforts related to the COVID-19 outbreaks; and

WHEREAS, on April 8, 2020, the Federal Motor Carrier Safety Administration extended the exemptions granted in Emergency Declaration 2020-002 from 49 CFR Parts 390 through 399 through May 15, 2020, and expanded its application to include liquefied gases to be used in

refrigeration or cooling systems, while also placing specific restrictions and limitations on its application; and

WHEREAS, it is essential to public health and safety to maintain a steady supply of grocery, medical, pharmaceutical, fuel and other commodities necessary to support COVID-19 emergency relief efforts, and it is anticipated that the number of commercial drivers available to transport commodities will be reduced by the spread of the virus which will prevent or delay such deliveries throughout the State; and

WHEREAS, the transportation industry is experiencing driver shortages, and that shortage has increased with the closure of schools, increased rates of virus exposure and infection, and the unavailability of childcare, and there has been a significant increase in the demand for and shortages of many essential services and supplies throughout Washington State; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting State agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across State government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-22, including the exemptions from and limitations on application of the driver hours of service rules in 49 CFR § 395, adopted pursuant to RCW 46.32.020 and WAC 446-65-010, is extended until 11:59 p.m. on May 15, 2020.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the
