Issued: Sunday, March 15th, 2020

DEPARTMENT OF CONSUMER PROTECTION IMPLEMENTATION ORDER

To implement Governor Lamont Executive Order 7B

Pursuant to Executive Order 7B, the Department of Consumer Protection issues the following rules for the compounding and sale of finished hand sanitizer products by licensed pharmacies:

- Any pharmacy compounding such products shall be licensed pursuant to Chapter 400j of the Connecticut General Statutes.
- The pharmacist compounding such product, shall follow processes in compliance with the United States Pharmacopeia Chapter 795 and maintain records for all of their compounding.
- The pharmacist must use a formula from a reputable source that creates a product that is greater than 60 percent alcohol as recommended by the Center for Disease Control and Prevention.
- The pharmacist must follow all federal and state labeling requirements.
- Prior to selling any product pursuant to this statute, the pharmacist shall obtain contact information for the purchaser sufficient to permit the pharmacist to initiate a recall if necessary.
- The purchaser's contact information and the lot number of the compounded product shall be recorded on a log sheet.
- All records required by this order shall be made available to the Department of Consumer Protection upon request and are required to be maintained for three years.
