NOTICE TO LICENSEES

Notice # 2021-21 Issuing Division: Administration

DATE: **March 18, 2021**

TO: **All Gaming Licensees in Carson City & Douglas, Lyon, and Storey Counties**

FROM: **J. Brin Gibson, Chairman**

SUBJECT: **Vaccination Eligibility**

INTRODUCTION

Effective March 25, 2021, individuals in Carson City, as well as Douglas, Lyon, and Storey Counties, who are food service and hospitality workers, including restaurant, quick serve, carry-out, food delivery, and cafeteria workers, as well as frontline casino and resort employees, are eligible to receive a COVID-19 vaccine. This includes all employees of **restricted and nonrestricted gaming licensees**, and all employees of vendors and lessees working on the property of these licensees, regardless of furlough status.

Vaccine appointments will be available later today at any Carson City Health and Human Services (CCHHS) or partner vaccination sites in one of the four counties as detailed below.

Each person must bring proof of employment (such as an employee badge or paystub) and a form of photo identification to the appointment. Preference is given to those who work directly with suspect or COVID patients. If no appointment times are available, please check the calendar often. Cancellations can result in appointment slots opening throughout the day.

Please visit the Carson City Health and Human Services website for more information on how, when, and where to schedule COVID-19 vaccine appointments.

Please also direct employees to the Immunize Nevada website, which contains a multitude of additional resources, including a Q&A regarding vaccine types, safety, and efficacy.

Each licensee is required to share this Industry Notice with each of its employees, lessees, and vendors. It is incumbent on each licensee to encourage its employees to get vaccinated.

WHO

Any employee, regardless of furlough status, of any restricted or nonrestricted gaming licensee in Carson City or Douglas, Lyon, or Storey County is eligible to be vaccinated as part of the eligibility group described in this Industry Notice. Furthermore, any lessee or vendor on the physical footprint of any restricted or nonrestricted gaming licensee in these jurisdictions—and any employees of these businesses—may also be vaccinated as part of this effort.

WHERE

The locations that CCHHS is using as vaccination site on any given day may be found at CCHHS's vaccination website as identified above.

PROOF OF EMPLOYMENT/PHOTO IDENTIFICATION

If an eligible individual described above does not already have proof of employment (such as an employee badge or paystub) or photo identification, a licensee is required to provide a letter of authorization to the individual, stating that the individual is employed by either: 1) the licensee, or 2) a vendor or lessee of the licensee. This letter must be signed by an authorized representative of the licensee.

QUESTIONS

Questions regarding this vaccination process should be directed to Michael Morton at mmorton@gcb.nv.gov.

CONCLUSION

In conjunction with state and local health officials, the Board will assist in ensuring that every eligible and willing individual described in this notice has the opportunity to get vaccinated, and the ensuring effect this effort has on the resumption of gaming and other licensee operations, and will issue further notices as appropriate.
