# Executive Order 2020-07

**EXECUTIVE ORDER**

**No. 2020-7**

**Temporary restrictions on entry into health care facilities,**

**residential care facilities, congregate care facilities, and juvenile justice facilities**

**Rescission of Executive Order 2020-6**

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. The risk of severe illness and death from COVID-19 is higher in older adults and those with chronic health conditions. And there is an increased risk of rapid spread of COVID-19 among persons who are living in congregate settings, such as care facilities. There is currently no approved vaccine or antiviral treatment for this disease.

On March 10, 2020, the Michigan Department of Health and Human Services identified the first two presumptive-positive cases of COVID-19 in Michigan. On that same day, I issued Executive Order 2020-4. This order declared a state of emergency across the state of Michigan under section 1 of article 5 of the Michigan Constitution of 1963, the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401-.421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL 10.31-.33.

The Emergency Management Act vests the governor with broad powers and duties to "cop[e] with dangers to this state or the people of this state presented by a disaster or emergency," which the governor may implement through "executive orders, proclamations, and directives having the force and effect of law." MCL 30.403(1)-(2). Similarly, the Emergency Powers of the Governor Act of 1945, provides that, after declaring a state of emergency, "the governor may promulgate reasonable orders, rules, and regulations as he or she considers necessary to protect life and property or to bring the emergency situation within the affected area under control." MCL 10.31(1).

To mitigate the spread of COVID-19 and to provide essential protections to vulnerable Michiganders and this state's health care system and other critical infrastructure, it is reasonable and necessary to impose limited and temporary restrictions on the entry of individuals into health care facilities, residential care facilities, congregate care facilities, and juvenile justice facilities.

Executive Order 2020-6 imposed such restrictions. With this order, Executive Order 2020-6 is rescinded. This order imposes substantially identical restrictions, with the exception of certain clarifying changes to the visitation limitations imposed in section 1, below.

While the restrictions of this order are in place, these facilities should, to the extent possible, facilitate visitations with individuals under their care by phone or other electronic communication platforms, consistent with normal visitation policies.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

1. Effective immediately and continuing through April 5, 2020 at 5:00 pm, all health care facilities, residential care facilities, congregate care facilities, and juvenile justice facilities must prohibit from entering their facilities any visitors that: are not necessary for the provision of medical care, the support of activities of daily living, or the exercise of power of attorney or court-appointed guardianship for an individual under the facility's care; are not a parent, foster parent, or guardian of an individual who is 21 years of age or under and who is under the facility's care; are not visiting an individual under the facility's care that is in serious or critical condition or in hospice care; and are not visiting under exigent circumstances or for the purpose of performing official governmental functions.

2. Beginning as soon as possible but no later than March 16, 2020 at 9:00 am, and continuing through April 5, 2020 at 5:00 pm, all health care facilities, residential care facilities, congregate care facilities, and juvenile justice facilities must perform a health evaluation of all individuals that are not under the care of the facility each time the individual seeks to enter the facility, and must deny entry to those individuals who do not meet the evaluation criteria. The evaluation criteria must include: symptoms of a respiratory infection, such as fever, cough, shortness of breath, or sore throat; and contact in the last 14 days with someone with a confirmed diagnosis of COVID-19.

3. Consistent with MCL 10.33 and MCL 30.405(3), a willful violation of this order shall constitute a misdemeanor.

4. Executive Order 2020-6 is rescinded.

Given under my hand and the Great Seal of the State of Michigan.
