# North Carolina Passenger Rail Service Reduced

**RALEIGH** – In response to the COVID-19 outbreak, the N.C. Department of Transportation's passenger rail service, NC By Train, is being reduced.

Starting April 6, *Carolinian* trains 79 and 80 will not operate until May 4. *Piedmont* trains 75 and 76 are running one daily round trip between Raleigh and Charlotte.

Amtrak is waiving change fees on all existing reservations until May 31. Passengers can modify their trip on Amtrak.com, or find their reservation on the home screen in the Amtrak app. To cancel a reservation with no fee, passengers must call 800-BY-TRAIN and speak with an agent (not available via Amtrak.com or the app).
