Commonwealth of Virginia
Office of the Governor

Executive Order

SIXTH AMENDED NUMBER SIXTY-SEVEN (2020)
AND
ORDER OF PUBLIC HEALTH EMERGENCY SEVEN

PHASE THREE TIGHTENING OF CERTAIN TEMPORARY RESTRICTIONS DUE TO NOVEL CORONAVIRUS (COVID-19)

Importance of the Issue

While the Commonwealth's case count per capita and positivity rate remain comparatively low, all five health regions in the Commonwealth are experiencing increases in new COVID-19 cases, positive tests, and hospitalizations. Virginia is averaging 1,500 new COVID-19 cases per day, up from a statewide peak of approximately 1,200 in May. The statewide percent test positivity rate is at 6.5%, an increase from 4.3% approximately one month ago. All five health regions report a positivity rate over five percent and hospitalizations have increased statewide by more than 35 percent in the last four weeks. Case investigation interviews show a pattern of increased socialization with extended (non-household) family members and friends. Recent scientific literature suggests indoor settings contribute to community transmission. Modeling data demonstrates that large gatherings substantially increase transmission of the virus. Although Virginians have done much to mitigate the spread of the virus, it is clear that additional measures are necessary. Accordingly, I order following additional restrictions.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the *Code of Virginia*, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the *Code of Virginia*, the following is ordered:
