610-X-4-.19ER Temporary Provisions Related to Outbreak of COVID-19

(1) The following provisions shall remain in effect for the duration of the state public health emergency declared by Governor Kay Ivey on March 13, 2020, relating to the outbreak of COVID-19 in the United States:

(a) The fee for reactivation of an inactive (retired) license within two (2) years of inactive status, appearing in Section 610-X-4-.14 of these rules, shall temporarily be reduced to $250.00.

(b) All temporary permits issued by the Board with terms of fewer than 180 days shall be valid for 180 days, unless otherwise invalidated.

(c) For the duration of this public health emergency, a licensed nurse may delegate selected nursing activities supportive to licensed nurses to nursing students currently enrolled in approved schools of nursing and employed as nursing aides in licensed healthcare facilities who have successfully completed coursework in pharmacology, medication administration and fundamentals; provided that:

1. The licensed healthcare facility at which the nursing student aide is performing the selected delegated nursing activities has authorized the delegation.

2. The nursing student aide's competency to perform the selected delegated nursing activities to be delegated shall be assessed and documented prior to delegation.

3. The licensed nurse may suspend or withdraw delegation to the nursing student aide at any time.

4. Nursing activities which may be delegated to the nursing student aide include:

(i) Obtaining vital signs, glucometer, and pulse oximetry readings

(ii) Assisting patients with feeding

(iii) Dressing changes limited to the application of simple bandaging (e.g. steri-strips), wet-to-dry, and/or sterile dressing change

(iv) Maintenance of ostomies (e.g. colostomy and urostomy) to include measuring and application of wafer board

(v) Restorative care to include ambulation with gait belt, walker, crutches, and/or wheelchair

(vi) Restorative care to include active and passive range-of-motion (ROM) exercises and contracture care

(vii) Peripheral Venous Phlebotomy for laboratory analysis

(viii) Application of oxygen via nasal cannula

(ix) Insertion/Removal of Foley Catheter, to exclude suprapubic catherization

(x) Initiation and discontinuation of nebulizer treatments to EXCLUDE racemic epinephrine administration

(xi) Administration of routine screening tests/immunizations (e.g. flu and TB)

(xii) Removal of intravenous catheter

(xiii) Documentation of all procedures and/or medications administered in the licensed healthcare facility's electronic medical records platform and paper records

(xiv) Administration of routine medications. Routine medications may not be administered through the following routes of administration:

(I) Gastric

(II) Nasogastric

(III) Intravenous

(d) Nursing student aides shall not be delegated the following nursing activities:

1. Administration of PRN (as-needed) medications
2. Suction of and/or replacement of tracheostomy
3. Accessing feeding tubes (G or J-tubes)
4. Placement of any form of intravenous catheter
5. Accessing any intravenous catheter for initiation or therapies
6. Administration of blood or blood products
7. Any task the performance of which by a licensed nurse would require a standardized procedure, as defined in §610-X-6-.12.

(e) As used in this rule, a nursing student aide shall be defined as an individual who is currently enrolled in an approved nursing education program and is employed in an unlicensed capacity in a licensed healthcare facility.
