MARCH 24, 2020

ALL NTA CERTIFICATED CARRIERS

CERTIFICATED CARRIERS MUST COMPLY WITH SOCIAL DISTANCE GUIDANCE

On March 20, 2020, the Department of Public Safety, Division of Emergency Management, issued emergency regulations under Nevada Administrative Code, Chapter 414, implementing the governor's directive. Section 1(s) of those implementing regulations identifies transportation services, including taxicab and rideshare services, as essential.

Pursuant to section 4 of the Directive, and section 1(s) of the implementing regulations, the Nevada Transportation Authority has determined that all certificated private motor carriers in Nevada regulated by the Authority are essential and may continue to operate in conformity with their certificates and the terms herein.

Under section 3(a) of the implementing regulations, all carriers must comply with social distance guidance issued by the Centers for Disease Control Prevention document entitled "Implementation of Mitigation Strategies for Communities with Local COVID-19 Transmission," the Governor's Medical Advisory Team, a Governor's Directive, or any other Nevada state regulatory agency or board.

Under section 3(d)(6) of the implementing regulations, all carriers may serve only one customer or group of customers that originate at the same address at the same time or are members of the same household. Pooling customers is prohibited.
