FOURTH CONTINUATION, AND MODIFICATION, OF STATEWIDE PUBLIC HEALTH ORDER #2: FORBIDDING GATHERINGS OF MORE THAN TWENTY-FIVE (25) PEOPLE

In an effort to stop the spread of the coronavirus (COVID-19), the Wyoming Department of Health finds it necessary to protect the health of the public by continuing certain restrictions as outlined in this Order. Additionally, this Order implements measures in line with the White House unveiling, on April 16, 2020, of certain guidelines for Opening Up America Again - a three-phased approach beginning with State or Regional Gating Criteria and continuing through three phases of removing restrictions when there is no evidence of resurgence of the virus.

Due in part to the vigilance of Wyoming residents, the metrics measuring outbreak progress and healthcare system capacity allow for the Wyoming Department of Health to continue the process of incrementally lifting restrictions in previous statewide public health orders through a measured and data-based approach. As with previous statewide public health orders, this Order authorizes countywide variances to the restrictions within this Order, in the form of a Countywide Variance Order, if approved by the County Health Officer and the State Health Officer. This Order also authorizes gatherings of 25 people or less and authorizes certain gatherings with conditions.

This Order is effective on May 15, 2020, and shall remain in effect through May 31, 2020, unless the Wyoming Department of Health revokes or extends this Order before May 31, 2020.

FINDINGS

1. COVID-19 was first detected in Wuhan, China in 2019, and since then has spread to over 60 countries including the United States. There are 513 confirmed cases of COVID-19 in Wyoming as of May 12, 2020, as well as the presence of community spread. It is expected that more cases will be diagnosed. There have been 7 deaths in Wyoming related to COVID-19.

2. COVID-19 is a respiratory illness, transmitted through person-to-person contact or by contact with surfaces contaminated with the virus. Persons infected with COVID-19 may become symptomatic two to fourteen days after exposure. The symptoms of COVID-19 include fever, cough, and shortness of breath. In some cases, COVID-19 can result in severe disease including hospitalization, admission to an intensive care unit, and death, especially among older adults and persons with serious underlying health conditions. New information about the implications of this virus is ongoing.

3. The World Health Organization declared COVID-19 a worldwide pandemic as of March 11, 2020.

4. On March 13, 2020, the President of the United States declared a national emergency concerning the coronavirus, specifically stating that, in "December 2019 a novel (new) coronavirus known as SARS-CoV-2 ("the virus") was first detected in Wuhan, Hubei Province, People's Republic of China, causing outbreaks of the coronavirus disease (COVID-19) that has now spread globally [...] The spread of COVID-19 within our Nation's communities threatens to strain our Nation's healthcare systems. [...] Additional measures [...] are needed to successfully contain and combat the virus in the United States."

5. On March 13, 2020, Wyoming Governor Mark Gordon declared a State of Emergency and Public Health Emergency in the State of Wyoming, stating that on March 11, 2020, an individual within the State of Wyoming tested presumptive positive for COVID-19 and the State of Wyoming is experiencing a public health emergency in response to the evolving COVID-19 outbreak.

6. Governor Gordon's Declaration of a State of Emergency and Public Health Emergency directs the Wyoming Department of Health to take all appropriate and necessary actions, and that in the judgment of the Director of the Wyoming Department of Health, any actions necessary should be taken to provide aid to those locations where there is a threat or danger to public health, safety, and welfare.

7. A significant number of Wyoming citizens are at risk of serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, people with mild symptoms, and even asymptomatic persons with COVID-19, place other vulnerable members of the public at significant risk.

8. A large number of persons with serious infections may compromise the ability of healthcare systems in Wyoming to deliver the necessary healthcare to the public.

9. Wyoming Statute § 35-1-240(a)(i), (ii), and (iv) provides all the rights and powers for the Wyoming Department of Health, through the State Health Officer, Dr. Alexia Harrist, M.D., PhD, or under her directive through other employees of the Wyoming Department of Health, to control the causes of communicable disease; and to forbid gatherings of people when necessary to protect public health.

10. In addition to the above findings, stopping the spread of COVID-19 includes washing your hands often, practicing social distancing by avoiding close contact with others, staying at least six feet away from someone who is ill or showing signs of illness, avoiding touching your face, eyes, nose and mouth, covering your cough or sneeze into your elbow or by using a tissue, and by wearing a face covering when in public.

ORDER

1. Gatherings of more than twenty-five (25) people are prohibited in order to help stop the spread of COVID-19 and protect the health of the public.

2. "Gatherings" are any planned or spontaneous event, public or private, bringing together, or likely bringing together, more than twenty-five (25) people in a single room or a single confined space (whether indoor or outdoor) at the same time.

3. Gatherings at the following are exempted from this Order:

    a. Hotels and motels for lodging purposes;

    b. Livestock auctions;

    c. Groups of workers being transported to a location for their jobs;

d. Government business, military and National Guard facilities, law enforcement, jails, secure treatment centers, and correctional facilities, including any facility operated by the Wyoming Department of Corrections, and any facility used to respond to natural disasters or public health emergencies;

e. Federal, State, and local government facilities, including government service centers;

f. Relief facilities, including food pantries and shelter facilities;

g. Residential buildings, excluding individual household residences;

h. Grocery stores, markets, convenience stores, pharmacies, drug stores;

i. Truck stops, gas stations, and auto-repair facilities;

j. Retail or business establishments, where more than twenty-five (25) people may be present but are generally not within six (6) feet of one another;

k. Healthcare facilities, including hospitals, medical facilities, home health agencies, personal care agencies, hospices, adult family homes, mental health centers, and pharmacies;

l. Alcohol and drug treatment centers; and

m. Long-term care and assisted living facilities, including nursing homes and assisted living facilities, as long as the facility complies with guidance and directives from the CDC, the Wyoming Department of Health, and appropriate licensing and regulatory agencies.

4. Religious or faith based organizations and funeral homes may allow gatherings of more than 25 people subject to the following conditions, to be enforced by the religious or faith based organization leaders/staff or the staff of the funeral home:

a. A 6-foot distance must be maintained between individual household groups at all times;

b. The number of people in a confined area at any time must be limited to allow for adequate distancing between households;

c. Close contact between members of different households is prohibited before, during, and after the gathering;

d. Reading materials, collection plates, and communion trays shall be passed out to individual attendees by the leaders/staff rather than passed between attendees;

e. Prior to the gathering, religious or faith based organization leaders/staff and staff of funeral homes must be screened for symptoms of COVID-19, or exposure to a person

with COVID-19 during the previous 14 days. Staff or leaders with symptoms of illness, or known exposure to a person with COVID-19 infection within the previous 14 days, shall not participate in the gathering; staff logs of the screening activity shall be kept and made available for inspection by the local health officer;

f. The entire facility shall be cleaned thoroughly, including all high touch areas before and after each gathering, according to CDC guidelines for cleaning;

g. Communion shall be served in individual containers;

h. There shall be no exchange of food or drink, with the exception of subsection g;

i. Staff who come within 6 feet of attendees or other staff must wear a face covering; and

5. Any gathering not covered by this Order should follow the public health recommendations of the Centers for Disease Control and the Wyoming Department of Health, including washing hands often with soap and water, practicing social distancing by avoiding close contact with others, avoiding touching your face, eyes, nose and mouth, covering your cough or sneeze into your elbow or by using a tissue, and wearing a face covering when in public.

6. Additional specific gathering exceptions to the prohibitions in this Order may be granted, at the discretion of the County Health Officer, under the direction and supervision of the State Health Officer, if demonstrated, in writing, to the County Health Officer that people at the gathering will maintain at least six (6) feet of space between one another, and that effective sanitation will be performed before and after the gathering. Any specific exception under this paragraph must be approved in writing by the State Health Officer and may be modified or revoked by the County Health Officer under the supervision and direction of the State Health Officer.

7. Countywide variances to the prohibitions mandated in this Order may be granted in the form of a Countywide Variance Order if approved and signed by both the County Health Officer and the State Health Officer. Countywide Variance Orders may be less restrictive (or more restrictive) than the measures imposed in this Order.

8. This Order is entered in conjunction with the statewide public health orders titled "Fourth Continuation, and Modification, of Statewide Public Health Order Regarding Bars, Restaurants, Theaters, Gymnasiums, Child Care Facilities, K-12 Schools, Colleges, Universities, and Trade Schools", entered May 13, 2020, and "Fourth Continuation, and Modification, of Statewide Public Health Order #3 Regarding Nail Salons, Hair Salons, Barber Shops, Massage Therapy Services, Tattoo, Body Art and Piercing Shops, and Cosmetology, Electrology, and Esthetic Services", entered May 13, 2020.

9. This Order supersedes all individual county health orders currently in effect.

As the State Health Officer, I specifically deem this Order necessary to protect the public health. *See* Wyo. Stat. Ann. § 35-1-240(a)(i), (ii), and (iv). I will reassess the necessity of this Order as appropriate to do so and according to accepted epidemiological and medical standards.

Any person or legal entity that violates this Order shall be subject to criminal prosecution under Wyo. Stat. Ann. §§ 35-1-105 and -106.

DATED THIS 13 DAY OF May, 2020.

Alexia Harrist
Wyoming State Health Officer
