New Mexico launches statewide vaccine dashboard

January 15, 2021 - 2019 Novel Coronavirus - Alert

The New Mexico Department of Health on Thursday announced the launch of the state's vaccine dashboard.

The website - https://cvvaccine.nmhealth.org/public-dashboard.html - offers key up-to-the-day statistics about the state's vaccination effort, including vaccines received in New Mexico, vaccines administered, vaccines administered in the last seven days, and total registrants to New Mexico's vaccine registration website, vaccinenm.org. The site also features a map with the location of every active vaccination provider in the state.

"*The Department of Health is pleased to provide a clear window into our state's vaccination efforts,*" said DOH Secretary-Designate Dr. Tracie Collins. "*This website allows*

New Mexicans to track our state's progress - and we encourage everyone to play a role in that progress by registering for vaccine."
